Required class for nursing school
High school curriculum help
To help prepare for another course at ICC
Location
Location
Job
Interpreting for a student
To obtain a grade average to get into Bradley
Get my diploma
To take classes to achieve my GED
GED
To get my GED

Additional Comments

Like it because it's so close to home.
I like ICC North cause its more convenient and its more comfortable as we more likely to get - is you need it
cause its small.
Beautiful campus! Parking or far away; easy to get to classroom.
I enjoyed attending ICC North. However, I found that many of the classes I wanted to take were not available at
this site, Math 100-102, Biology courses, etc.
I was very unsure at first about taking a class here because it used to be Zeller. However, the environment is
somewhat not spooky! I would after this take another class here.
enjoyed immensely - great location! Great teacher!
I appreciate the range of courses you offer.
Temperature control would have been nice. Room (77) was always very cold.

The location is great

It is very close to my house and parking is not so far away.

Our classroom is like a refrigerator

Please offer more general education classes at night at ICC North

Great campus, was not aware they had financial aid or a library at this campus, maybe use more signs

I hope more classes will be offered here for nursing pre-req. This is a more convenient location than EP or downtown

I like the location because my sitter is in Peoria, however, it is always very cold here.

I'm learning much about logic; it's making me a clearer thinker

This is my first class taken out here. So far, I am satisfied

It is very conveniently located and easy to find.

Easy to attend, long registration

It's super - D - Duper

It's really close to home which is nice.

I love that classes are offered out here. I'm looking forward to taking more classes out here. I wish more classes were available to take out here.

This building didn't seem finished...limited but adequate facilities

Very good campus-good idea-will attend again. Weather permitting, I think we should hold some class time/discussions outside, there's plenty of room

I feel there should be more classes given at ICC North - it is very convenient for those who live in Peoria area

ICC North is very close to my home which makes it easier to get to class. There also seems to be a variety of classes offered.

It was very convenient having classes at ICC North this summer. Please continue to offer early morning as well as night classes

I would like it if more classes were offered at ICC North because I live North of Peoria 18 miles.

Different air condition climate all parts of the building does not hold the same temperature

Honestly a nice building, but it needs to be made much more like a school (art, decorative, clocks, etc.)

Parking could be better. Lots are too narrow - difficult to get out of

More computers!

Air wasn't always working, no pictures, no windows, gloomy, no thumbtacks at front desk.

All were positive. Parking close to building is the best!!

It is pretty stark - looking in the halls and classrooms. The plain white walls are institutional looking. Paint would be nice.

Clock on the wall

It would be to your advantage to re-zone or at least redecorate. This facility, the feeling I get from this place is not so good.

Temperature is too cool

Our classroom was very, very cold!

What I like most is that the air condition works better here than in East Peoria campus

Would like healthier food options - (sandwiches/fruit) for long summer classes. Main campus is much closer - but parking is difficult

Could you please turn the air down

Turn the air conditioning down

I like the campus because it is close to home. It would be better if there were more classes and times offered.

Temperature sometimes too freezing! Great parking space and close by! Keep it up!

I love it! Its close to my home and easy to get to. I will definitely take another class at ICC North.

It is a little creepy being here knowing it used to be Zeller.

It is great

It was a good experience.

The classes were small and I liked that.

It is and has been a good experience - I live close and the ease at which you can get in and out was great!

Everyone seemed very willing to address building issues, i.e., heat and air conditioning

ICC has been very helpful in term of me being a foreign student. What I liked the most is the schedule setup.

And what I liked least is big cost of the required classes.

I'm just very to be here and that are people here to help better my education

It's a great school and my teachers were very friendly.
