Bylaws of the Board of Trustees
1.1 POWERS, DUTIES, AND RESPONSIBILITIES OF THE BOARD OF TRUSTEES
OF
ILLINOIS CENTRAL COLLEGE

The Illinois Public Community College Act (1965 as amended) is the principal statute for the establishment and operation if the Illinois public community college system.

Illinois public community colleges are defined by law as public institutions of higher education and by statute (Illinois Public Community College Act) are made a part of the State system of higher education.

Responsibility for overall State planning, coordination, and regulation of the State system of higher education is vested in the Illinois Board of Higher Education.

Responsibility for the establishment of standards and criteria, for statewide planning and coordination, for evaluation and recognition of the various colleges, and for certain specific approvals of district board actions is vested in the Illinois Community College Board.

Institutional responsibility for governance, operation, and administration of a comprehensive two-year college program is vested in the local board of trustees of each community college district.

Statutory duties and powers of the community college board of trustees are stated in the Illinois Public Community College Act (110 ILCS 805/1-1 et. seq.).

The duties and responsibilities of the Board of Trustees may be broadly summarized as follows: (1) to appoint the president, other administrative personnel, and all teachers; (2) to fix the principal objectives and policies of the institution; (3) to hold, preserve, and invest the assets of the district; and (4) to represent the institution to the public.
Article I. **Membership of the Board**

Section 1. **Number and Selection**

The Board of Trustees of Illinois Central College (hereinafter called the Board) shall consist of seven members elected by the qualified voters of District 514.

Section 2. **Election**

The election of members of the Board shall be in accordance with applicable State statues.

Section 3. **Term**

Members shall be elected for terms designated by applicable State statues.

Section 4. **Qualifications of Members**

Board members shall, on the date of their election, be citizens of the United States, 18 years of age or older, and resident of Illinois and District 514 for at least one year immediately preceding the election.

Section 5. **Vacancies**

In the event of a vacancy on the Board, the remaining members shall appoint a replacement to the Board to serve until the next regular election, filled in accordance with the applicable State statute.

A. **Definition of a Vacancy**

In order to clarify when a vacancy occurs, the Board adopts the following guidelines. A vacancy occurs if the incumbent:

- Dies
- Resigns
- Becomes a person under legal disability
- Is no longer a resident of the district
- Is convicted of an infamous crime
- Is not seated because the election is declared void by a competent tribunal

B. **Guidelines for Filling a Trustee Vacancy**

Pursuant to current Illinois Statues (110 ILCS 805/3-7), whenever a vacancy occurs on a community college board, the vacancy shall be filled by the remaining board members in the following manner:
• The person appointed to fill the vacancy must be 18 years of age and a resident of the community college district for at least one year.

• The person appointed shall serve until a successor is elected and certified in accordance with the Election Code.

• If the vacancy occurs with less than four months remaining before the next scheduled consolidated election and the vacant seat is not scheduled to expire at that election, then the term of the appointee shall extend through that election until the succeeding consolidated election.

• If the term of the vacant position is scheduled to expire at the upcoming consolidated election, the appointed person shall serve only until a successor is elected and certified.

• The Board must appoint a person to fill the vacancy within 60 days after the vacancy occurs. (However, there is no current statutory definition of when the vacancy clock starts. If could be when the Board is officially notified of a vacancy.) If the Board fails to fill the vacancy within 60 days after the vacancy occurs, then the chair of the Illinois Community College Board shall fill that vacancy, and the person shall serve until a successor is elected and certified.

Section 6. Student Board Member

In accordance with 110 ILCS 805/3-7.24, a student Board member shall be appointed to the Board of Trustees for a term of one year by a campus-wide student referendum. Such member shall have advisory voting privileges only. The student trustee shall be limited to two (2) one-year terms.

To fill an unexpired term of a student Board member in the event of a vacancy, the Vice President of Student Affairs, in concert with the Office of Student Activities, will invite candidates to apply for the position. Candidates will follow the vacancy process outlined in the Student Trustee Manual provided by the Student Life Office.

Travel related expenses for business conducted on the College’s behalf by the Board of Trustees and officers of ICC should be reimbursed consistent with the guidelines established for all ICC employees. Examples of the types of official business travel that are reimbursable include: professional conferences, seminars, association activities, official representation of the College at meetings and events or other educational programs relevant to a Trustee’s responsibilities. Please note that this list is not exhaustive and only includes some of the most common types of allowable events. Generally, the policy states that the business related expenses would be reimbursed at a reasonable actual cost not to exceed U.S. General Services Administration (GSA) rates while the ICC official is on official College business. Exceptions to the current per diem limit may be reimbursed at actual and reasonable cost with the appropriate documentation (e.g. conference rate of hotel exceeds GSA rate). On a case by case basis, exceptions will be made for travel to remote or non-standard locations, both domestic and foreign. Please contact the Board Secretary for assistance. Any reimbursement above the GSA amount must be approved by a roll call vote at the Board of Trustees monthly meeting. The College will coordinate travel to eliminate as much “out-of-pocket” expense as possible.

Section 2.  **Travel Approval**

Trustee travel must be approved in advance by the Board Chair. The Vice Chair must approval travel for the Board Chair. Additionally, all travel expenses for any member of the Board, regardless of amount, must be approved by roll call vote at the Board of Trustees monthly meeting.

Section 3.  **Forms**

A travel reimbursement form (Form #CM1) should be completed by each Trustee claiming reimbursement. The proper supporting documentation should be attached to the form for expenditures claimed and then presented directly to the Board Secretary. If a reimbursement is claimed by a Trustee, it must be approved by the Board Chair. The Vice Chair must approve expenditures of the Board Chair. Trustees are required to reconcile their travel expenses within five (5) business days after the travel has been completed. Section 13. **Student Email Policy**

**Policy Statement**

Illinois Central College establishes a College (ICC) email address for each enrolled student for the purpose of communicating official business. College communication in this manner is viewed as both efficient and reliable for the distribution of important institutional documents needing immediate attention. The College will exercise the right to communicate official business by solely using student email, although individual departments may choose to use supplemental web interfaces such as Blackboard or ICC eServices for communication. The College will expect that all students will receive and read all Illinois Central College email communication in a timely manner.

**Reason for the Policy**

The purpose of this policy is threefold: 1) to define the official means of communication of necessary, important, and timely information to current and potential students; 2) to set the expectations of student use of email communications for official ICC business; 3) to set the expectation of administrative use of email communications for official ICC business.

**Scope of the Policy**

This policy applies to all students who are currently enrolled in credit classes at Illinois Central College. Email communication may be part of a group email or as an email sent to one student.

**The Policy**

Unless law, contract, or other College policy prohibits email as an official form of communication, Illinois Central College will send communications for official College business to students via their Illinois Central College student email address. It is expected that each student will receive and read ICC email communications within a reasonable amount of time as some materials will be time-sensitive. Official College business may include important student services information, as well as deadlines and documentation for academic and administrative needs of the College. Email communication that results in an undeliverable message due to the use of “spam” filters for a full inbox will be considered delivered without further action required by Illinois Central College.

**Security & Privacy**

Illinois Central College abides by all federal regulations of student records information as set forth by the Family Educational Rights and Privacy Act (1974) and its subsequent amendments. As such, all email communications must comply with federal and/or state regulations and College policies regarding student communication. ICC will not request or release confidential
information such as social security number, credit/debit card numbers, or bank account numbers via email communication. Students are responsible for keeping their password confidential and must not share their password with others.

**College Email Address**

Illinois Central College’s Technology Services Department will request the creation of an electronic mail account upon a student’s admission to the College. The account should be active no later than 48 hours after the student’s application has been processed. An example of the ICC email format is `zz999@lab.icc.edu` (where “zz” is the student’s initials).

**Forwarding of College Emails**

Although students may choose to forward their College email to another personal email account, forwarding is not recommended. Some ICC messages may be blocked or lost. Students who choose to have information sent to their ICC email address forwarded to another service do so at their own risk. Students are still responsible for all official College communications sent to the ICC email address if problems occur with the forwarding of emails to other servers.

**Instructional Use of Emails**

It is important for students to understand that many faculty use student emails for communicating classroom information. The course syllabus will specify how email communication will be used in each class.

Article V. Personnel

Section 1. Affirmative Action

It is the policy of Illinois Central College that no person shall be excluded from consideration or denied employment because of discrimination. The affirmative action status of the College is an extension of this basic respect for an individual's dignity and understanding the needs of its heterogeneous population for diverse role models provided by the College’s faculty and staff. The goals of the affirmative action program include:

A. To employ a work force which reasonably reflects the composition of the population within the area from which the employees are drawn.

B. To continue to provide equal employment opportunity to all people regardless of race, color, religion, sex, age, national origin, ancestry, physical or mental disability, or veteran status.

C. To continue to maintain an environment at the College that is free of sexual harassment and other types of discriminatory harassment, and that respects the dignity and worth of all members of the institutional community.

Board of Trustee’s Affirmative Action Policy Statement

Illinois Central College is committed philosophically to providing excellence in education of its students. Illinois Central College’s students are composed of individuals of both genders and many different ages, abilities, interests, motivations, and socioeconomic backgrounds. Illinois Central College serves a population diverse in cultural, ethnic, racial, and religious composition.

The volunteer affirmative action status of Illinois Central College is an extension of the College’s commitment to respecting an individual’s dignity and understanding the needs of its heterogeneous population for diverse role models provided by the College’s faculty and staff. The cultural, ethnic, racial, religious, and gender composition of the College’s employees affect teaching diversity and are necessary and desirable elements of an educational institution such as Illinois Central College.

Illinois Central College is committed to non-discrimination and equal opportunity in programs, activities, and employment (except where gender, age, or lack of disability is a bona fide occupational or programmatic qualification) for students and employees regardless of race, color, religion, gender, national origin, age, disability, sexual orientation, veteran status, or other factors prohibited by law.

Further, Illinois Central College is committed to a comprehensive program of affirmative action to ensure access, equity, and fairness in educational programs, related activities, and employment for minorities, women, disabled
persons, disabled veterans, and veterans of the Vietnam Era.

It is our firm belief that the employment practices of Illinois Central College are nondiscriminatory. The premise of the affirmative action concept is that the realization of equal opportunity requires that positive steps be taken to ensure equity and fairness for all. To further strengthen that position, we reemphasize through the policy statement that every aspect of the employment relationship, including hiring, placement, promotion, transfer or demotion, recruiting, advertisement or solicitation for employment, treatment during employment, rates of pay or other forms of compensation, training, and terminations, shall be accomplished without regard to race, color, religion, gender, age, national origin, ancestry, physical or mental disability unrelated to ability, sexual orientation, or status as a disabled veteran, or veteran of the Vietnam Era. The College will establish goals and timetables designed to achieve representation of women and minorities consistent with their availability.

Consequently, Illinois Central College reaffirms its ongoing commitment to equal opportunity in employment and education by endorsing the following policy which will be the cornerstone of the College’s Affirmative Action Program.

Affirmative Action Policy

It is the policy of Illinois Central College that no person shall, on the grounds of race, color, religion, gender, age, national origin, ancestry, disability, sexual orientation, or veteran status, be excluded from consideration for employment, denied employment with, or be subject to discrimination of any kind by the College.

The President, as Chief Executive Officer, shall have the ultimate responsibility for administration of the College’s Affirmative Action Program, including periodic audits of equal employment opportunity practices, establishment of special programs to supplement affirmative action activities and guidance in handling specific problems which may arise. The College’s affirmative action progress will be reviewed annually with administrative personnel and Board of Trustees.

All supervisory personnel are responsible for direct compliance with these policies within the respective areas of their activities. It is the essential responsibility of all employees to conduct themselves in such a way that their support of these policies is evident. The College will maintain a written Affirmative Action Plan, relevant portions of which will be made available for review by all applicants and employees during regular business hours.

This prohibition includes full-time and part-time employees, adjunct faculty members, hourly, and temporary employees.

The Vice President of Human Resources will then ask the two employees to decide which one of them is to be transferred to another available position for which he or she is qualified. If the employees do not make that decision with 30 calendar days, ICC will decide which one will be transferred or, if necessary, terminated from employment.

C. The College faculty member is a citizen, a member of learned profession, and a representative of an educational institution. When a faculty member speaks or writes as a citizen, he or she should be free from institutional censorship or discipline, but the faculty member’s special position in the community imposes special obligations. As a person of learning and an educator, the faculty member should remember that the public may judge the profession and the institution by his or her utterances. Hence, the faculty member should at all times make every effort to be accurate, to exercise appropriate restraint, to show respect for the opinions of others, and to indicate that he or she is not speaking for the institution.
Section 13. Tenure/Termination of Service of Employees Under Tenure Article of Community College Act

Section 14. Dismissal of Non-Tenure Full-Time Faculty Member

A decision to dismiss a non-tenure full-time faculty member for the ensuing school year shall be governed by the provisions of Section 3B-3 of the Community College Act (110 ILCS 805/3B-3).

Section 15. Discipline, Termination of Service of Full-Time Staff Not Under the Tenure Act

It is the College’s policy that administrative and supervisory efforts should be concentrated on preventing serious personnel actions from occurring rather than on disciplining employees for misconduct. However, when an employee fails to maintain acceptable standards of performance, service, or conduct, formal disciplinary action may be necessary to ensure that individuals operate in a collective effort to achieve the College’s institutional goals and objectives. The Board authorizes the President or his/her designated administrative officer, manager, or supervisor to take appropriate formal disciplinary action when warranted by the facts and circumstances. Discipline of employees may include oral and/or written warnings or reprimands, probation for up to six months, suspension without pay, withholding of a salary increase, demotion, or termination of employment. Chronic Communicable Disease Procedure for Illinois Central College

Illinois Central College places a high priority on the need to prevent the spread of dangerous chronic communicable diseases on its campus. This procedure is designed to promote the health and regular attendance of both students and employees. The College is committed to protecting the civil rights of individuals while preserving the health and safety of all employees and students, therefore, strict confidentiality must be maintained.

Students with Chronic Communicable Diseases

Students with identified chronic communicable diseases may not be excluded from the College as long as, through reasonable accommodation, the risk of transmission of the disease and/or the risk of further injury to the student is sufficiently remote in such setting so as to be outweighed by the detrimental effects resulting from the student’s exclusion from the College. Whenever possible, the College will attempt to assist students in continuing their pursuit of educational goals. Placement decisions will be made by using these objectives in conjunction with current, available public health guidelines concerning the particular disease in question. Individual cases will not be prejudged; rather, decisions will be based upon the facts of the particular case. The determination of whether a student with a chronic communicable disease may attend college shall be made in accordance with procedures implemented by the College.

The College shall respect the right to privacy of any student who has a chronic communicable disease. The student’s medical condition shall be disclosed
only to the extent necessary to minimize the health risks to the student and to others. The number of personnel aware of the student’s condition will be kept at the minimum needed to assure proper care of the student and to detect situations in which the potential for transmission of the disease may increase. Persons deemed to have “a direct need to know” would be provided with appropriate information; however, these persons shall not further disclose such information.

**Employees with Chronic Communicable Diseases**

Employees with identified chronic communicable diseases shall retain their positions whenever, through reasonable accommodation of the employee’s physical condition and without undue hardship to the employer, there is not reasonable risk of transmission of the disease to others. Such employees shall remain subject to the Board’s employment policies, including, but not limited to current collective bargaining agreements in effect, sick leave, physical examinations, temporary and permanent disability, and termination. Employment decision will be made utilizing the general legal standard in conjunction with current, available, public health department guidelines concerning the particular disease in question. Individual cases will not be prejudged; rather, decisions will be made based upon the facts of the particular case. The determination of an employee’s continued employment status will be made in accordance with procedures implemented by the College.

The College shall respect the right to privacy of any employee who has a chronic communicable disease. The number of personnel aware of the employee’s medical condition will be kept at the minimum needed to detect situations in which the potential for transmission may increase. Persons deemed to have “a direct need to know” would be provided with the appropriate information; however, these persons shall not further disclose such information.

**Procedure for Handling an Identifiable Case of a Chronic Communicable Disease**

The Coordinator of Health Services shall investigate, as the situation warrants, the health status of any student or employee known to have a chronic communicable disease. In addition, the health status of any student or employee identified to the Coordinator of Health Services by public health officials as being strongly suspected of having a chronic communicable disease will be investigated under proper guidelines identified by the public health officials. The Coordinator of Health Services shall investigate and then refer the case to the Executive Vice President of Administration and Finance. As the situation warrants, a task force shall be formed, and may include the following individuals: the Executive Vice President of Administration and Finance, the Coordinator of Health Services, the Manager of Risk Management, Safety, and Benefits, the Vice President of Student Affairs, and the Coordinator of Public Relations and Public Information Officer.
After reviewing the case and guidelines set forth by public health officials, the task force shall determine the appropriate action to be taken for the particular case based upon the following criteria:

1) The nature of risk
2) The duration of risk
3) The potential harm to other parties
4) Possibility of transmission of the disease

The recommendation will include a summary of the findings relative to each of the above criteria, a description of the recommended attendance or employment accommodations recommended, and a specific description of the notifications suggested.

After a recommendation is made by the task force and action set forth, the Executive Vice President of Administration and Finance will inform appropriate College officials of that recommendation and action. During the notification procedure, all efforts shall be made to keep confidential the name of the person/persons involved.

Whenever a decision is made that might have an adverse effect on the employment or educational placement of a person and that person disagrees with the decision, an appeal may be made to the President of the College for a review of that decision. The decision of the President shall be final.

Date of Last Review: April 2004

Section 20. Outside Activities

The College Board recognizes the right of any employee of the District to take or refrain from taking a stand on any political issue and to support or oppose any issue or candidate. Such activities, however, must be conducted on the employee’s own time and off the premises of the College. The employee shall exercise reasonable care to show that he/she is acting in the capacity as a private citizen and does not represent the College in any way.

Full-time employees of Illinois Central College District 514 shall avoid any conflict between their personal interest and the interests of the College in dealing with vendors, contractors, or any organization or individual seeking to do business with the College.

Section 22. Part-Time Employees

Due to a wide variety of programs and services offered by a comprehensive community college, part-time employees serve a vital role in fulfilling its goals
and objectives. As well as adjunct faculty, part-time professional/supervisory support, part-time classified employees, and part-time student employees are utilized by the College.

Generally, appointments of part-time employees are of short duration with no obligation for reemployment. Salary ranges and other conditions of employment of part-time individuals are reviewed and established annually by the President in consultation with the Board.

Section 23. Full-Time Employee Positions Funded by External Funds

Employees who fill positions which are not regularly authorized positions approved in the annually adopted budget and whose positions are funded not limited to any contractual or fiscal agent agreement which may be entered into by the College, are classified as exempt or as nonexempt and are placed within an appropriate employee category. However, since these positions are not duly authorized positions and because appointments are made on nonrecurring basis, these employees are not assigned specific positions within the College’s salary classification structure. These employees do enjoy many of the rights and fringe benefits extended to employees in regular full-time positions; however, they may be terminated at any time.

Illinois Central College is committed to the philosophy that all employees and students have a right to work and be educated in a discrimination-free environment. This encompasses freedom from discrimination based on race, color, sex, sexual orientation, religion, national origin, age, disability, veteran, or marital status. Any such discrimination undermines the integrity of the employment relationship and the educational experience. Title VII of the Civil Rights Act of 1964, as amended, includes sexual harassment as a prohibited form of sex discrimination for employees, and Title IX of the Educational Amendments of 1972 prohibits sexual harassment of students. The Illinois Human Rights Act of 1980 also renders sexual harassment illegal. For these reasons, the following policy was developed.

**POLICY**

It is the policy of Illinois Central College to maintain an environment, which respects the dignity and worth of all members of the institutional community, and is harmonious with the College’s mission of educating and providing services. To this end, harassment of faculty, staff, administrators, and students at Illinois Central College based on race, color, sex, sexual orientation, religion, national origin, age, disability, veteran, or marital status is unacceptable conduct, is in violation of this policy, and will not be tolerated. Retaliatory action against a person reporting sexual or other forms of harassment and intentional false accusations are also prohibited. Individuals in violation of this policy are subject to severe disciplinary action, up and including suspension, discharge, or expulsion.

All employees are expected to complete Sexual Harassment Training and receive a certification of completion on an annual basis.

**DEFINITION OF SEXUAL HARASSMENT**

For purpose of this policy, sexual harassment is defined as in the Equal Opportunity Commission Guidelines, as any unwelcome, unsolicited sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or educational status.

2. Submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual, or

3. Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or educational experience or creating an intimidating, hostile, or offensive working or educational environment.
Sexual harassment may include a range of subtle and not so subtle behaviors and may involve individuals of the same or different gender. Depending on the circumstances, these behaviors may include:

- Unwanted sexual advances
- Subtle or overt pressure for sexual favors
- Unwelcome sexual jokes, comments, innuendos, advances, propositions, or abusive personal remarks
- Verbal abuse of a sexual nature
- Graphic commentary about an individual’s body, sexual prowess, or sexual deficiencies
- Sexually explicit displays or distribution of pictures, materials, or objects in the work area
- Offering or implying a reward or threat concerning academic assignments, grades, discipline, or other terms or conditions of the academic situation in exchange for sexual favors

Article XIII.  **Investment Policy**

The investment strategy of Illinois Central College District 514 (“The College”) is to invest cash reserves in a prudent and timely manner to ensure the preservation of capital and provide adequate investment return. The College policy is consistent with the authorized forms of investment set forth in the Public Community College Act and sections 235/1 through 235/7 of the Public Funds Investment Act which covers current operating funds, special funds, interest and sinking funds, and other funds belonging to or in the custody of the College, including restricted and non-restricted funds.

All investment of funds is the direct responsibility of the College’s Treasurer. The Treasurer shall be responsible for all transactions and shall establish a system of controls for recording and reporting all investment activity.

**Investment Objectives**

- **Safety**—The security of monies, whether on hand or invested, is the responsibility of the College Treasurer in selecting depositories, investments, and securing adequate collateral.
- **Liquidity**—The investment portfolio will remain sufficiently liquid to meet all operating requirements, which might be reasonably anticipated.
- **Return**—The Treasurer will look to attain a market average or better rate of return throughout budgetary cycles, taking into account risk, cash flow, and legal restriction of the investment.
- **Local Consideration**—The Treasurer may give the preference to depositories and financial institutions located within the College’s district provided that all stated investment objectives are met and such investments would be in compliance with all other conditions and limitations of the College’s investment policy; however, the Treasurer may approve depositories and financial institutions regardless of location.

**Investment Guidelines**

- Investments will be made to ensure preservation of capital and minimize overall risk through the diversification of investments and maturities.
- The portfolio should remain sufficiently liquid to meet operating requirements which may be reasonably anticipated. Cash flows will be reviewed on a quarterly basis.
- To maximize earnings, all funds will be deposited into interest bearing accounts within two business days.
- Investment will be made with Board approved financial institutions based on competitive review of rates.
- Investment returns will be measured against the 90-day US Treasury Bill rate to determine that market yields are being achieved.
Investment Security-Types

- Bonds, notes, Treasury Bills, and other securities issued and/or guaranteed by the United States Government and its Agencies or instrumentalities.
- Interest-bearing savings accounts, certificates of deposits, or time deposits, or any other investment constituting a direct obligation of any bank as defined by the Illinois Banking Act.
- Commercial Paper of U.S. corporations with assets exceeding $500 million Obligations must be rated within the three highest classifications established by two or more standard rating agencies and have a maturity not later than 180 days. Commercial Paper holdings of the College may not exceed one-third of the institution's investment portfolio.

Maturity Limitations and Diversification

Investments will be diversified to eliminate the risk of loss resulting in over concentration of a specific maturity, issuer, or class of securities. Investment maturities are generally scheduled to match the cash requirements of the College. Invested balances determined to exceed immediate operating needs (one year operating cycle) can be invested to the extent that the average portfolio maturity does not exceed two years. The maximum dollar amount of investments that exceed two years will be limited to 25% of the total investment portfolio. The College will minimize risk due to interest rate volatility through the diversification of maturities.

Financial Institution

The College Board of Trustees will approve financial institutions as recommended by the College Treasurer to be used as depositories for investments and/or collateral.

Collateralization

At all times in order to meet the objective of safety of capital, the Treasurer will require deposits in excess of the federally insured amount to be collateralized to the extent of one hundred and ten percent and evidenced by an approved written agreement. Collateral investment instruments must meet the investment guidelines under the Public Funds Investment Act. The Financial Institution must place the collateral in safekeeping at or before the purchase of the investment.

Reporting and Review

The Controller’s Office or other approved designee will record and report all investment transactions to the College Treasurer. A report will be generated monthly, listing all active investments and other pertinent information such as investment location, rate, and maturity dates including monthly transactions. This report will be submitted monthly to the Chair of the Finance Committee of
the Board of Trustees. An annual review of internal controls to assure compliance with the investment policy will be completed in conjunction with the College’s annual audit.

**Ethics and Conflict of Interest**

Officers and employees involved in the investment process will refrain from personal business activity that could conflict with the proper execution of the investment program or which could impair their ability to make impartial investment decisions.

**Indemnification**

The Treasurer and employees of the College acting in accordance with this investment policy and operational procedures as established and exercising due diligence will be relieved of personal liability for an individual security’s credit risk or market changes.

**Amendment**

The Treasurer will review this investment policy and procedure periodically throughout the year, and any substantive changes will be reported to the Board of Trustees.

Article XIV. **Policy on Community Financial Commitments**

Illinois Central College desires a strong and consistent relationship with its key community partners. In order to strengthen these relationships on a fair basis, the following guidelines will be used to inform ICC’s decision to make strategic financial commitments, attend a fundraiser, special event, or give financial support to a community initiative:

1. Priority will be given to an agency or business when an ICC manager is a member of the board for a non-profit fundraising or special event.

2. Whether ICC purchases a table or tickets will be determined by the available budget and alliance with ICC’s mission, values, and strategic plan as well as historical association with agency/business.

3. When there is a departmental interest for support of an event or fundraiser, the individual department will need to seek approval through the President’s Office and use its own budget.

4. When conflict arises about the cost of ICC’s involvement or the appropriateness of the College’s interest in a fundraiser or special event, the President of the College will render a decision after conferring with the interested individuals or departments as to the College’s attendance or the level of the participation.

5. All donations from the College to other charitable organizations (i.e. Gift of Class) will only be given through the Marketing Office. No other donations will be official or approved by the College. The College will continue to support the United Way as its only college-wide charitable outlet.

6. The level of the Board of Trustees involvement will be determined by the Chair of the Board in accordance with the Board’s policies, procedures, and budget.

Article XV. **Purchasing and Contracting Policy**

Illinois Central College promotes competitive and unbiased purchasing and contracting practices and follows all applicable rules and regulations as outlined in Section 3-27.1 of the Public Community College Act and applicable sections of the Illinois Governmental Ethics Act.

Illinois Central College further recognizes the importance of increasing the participation of businesses owned by minorities, females, and persons with disabilities in public contracts. It is the College’s policy to promote the economic development of businesses owned by minorities, females, and persons with disabilities as outlined by the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, 30 ILCS 575/0.01 et seq. The Finance Department monitors and reviews the College’s compliance with said acts and provides purchasing and contracting guidelines.

Article XVI. **Fund Balance Policy**

**Statement of Purpose**

The Board recognizes that maintaining adequate fund balance is essential to ensuring the financial stability of the College. This policy describes the guidelines for fund balances in the College’s operating funds. These funds include the Education, Operation and Maintenance and Ancillary Funds. Fund balance is defined as the balance of funds after all the liabilities have been deducted from the assets of the funds.

**Goal**

The goal is to establish and maintain a fund balance between 25% and 50% of budgeted annual operating expenditures. This goal is considered a “targeted range” and is established to provide sufficient assets to realize the College’s long-range goals, and demonstrate financial stability. If the operating fund balance falls below 25%, the President will implement a plan with Board approval to achieve the desired level through the budget process.

**Utilization**

The proposed recommended use of the operating fund balance is for strategic capital projects or other unanticipated one-time expenditures that do not result in recurring operating costs. Expenditures from the unreserved fund balance must be approved by the Board of Trustees and would be a part of the annual budget process.

**Annual Review**

Compliance with the policy will be reviewed with the Board by the Executive Vice President of Administration and Finance during the strategic and financial planning process.

The Board will receive a report of year-end reserves in the operating funds as part of the annual year-end audit and budget adoption process.

The particular findings in the case, any recommendation for discipline, and any fine imposed shall be a matter of public information.

(f) If the hearing was closed to the public, the respondent may file a written demand for a public hearing on the complaint within 7 business days after the issuance of the recommendation for discipline or imposition of a fine, or both. The filings of the demand shall stay the enforcement of the recommendation or fine. Within 14 days after receiving the demand, the Commission shall conduct a public hearing on the complaint upon at least 48 hours’ public notice of the hearing and allow both parties the opportunity to present testimony and evidence. Within 7 days thereafter, the Commission shall publicly issue a final recommendation to the alleged violator, the President, and the Board of Trustees, or impose a fine upon the violator, or both.

(g) If a complaint is filed during the 60 days preceding the date of any election at which the respondent is a candidate, the Commission shall render its decision as required under subsection (e) before the date of that election, if possible.
(h) The Commission may fine any person who intentionally violates any provision of Article 10 of this ordinance in an amount of not less than $1,001 and not more than $5,000. Article XIX. **Social Media Policy**

Section 1. **Social Media**

Social Media includes but is not limited to blogs, wikis, social networks (examples: Facebook™, Linkedin™, MySpace™, etc.), video and photo portals (examples: YouTube™, Flickr™), collaborative professional space, and email. These programs often blur the lines between personal and professional life.

Illinois Central College believes its employees often are the best ambassadors for the College. Social media provides ICC employees ample opportunities to represent the College in the “virtual” community. ICC also recognizes its responsibility to assure employees, trustees, and volunteers adhere to local, state, and federal requirements to protect student and staff privacy. The College also retains its prerogative to protect its image, enhance its brand, guard proprietary information, require appropriate use of College computer resources, and restrict employee activities that do not add value to the College mission, vision, strategic priorities, general learning goals, or financial well-being.

Therefore, the Illinois Central College Board of Trustees establishes this policy regarding use of the social media by Illinois Central College employees and volunteers.

1. Employees and volunteers adhere to ICC’s internal standards on appropriate use of computer resources, media relations, Core Values, Diversity Pledge, CougarCare Principles, Red Flags policy, Ethics Ordinance, Brand Standards, and general use guidelines when using social media for specific job-related tasks of Illinois Central College.

2. When employees or ICC volunteers identify themselves as employed and/or associated with ICC, they should include a disclaimer that indicates that their opinions, comments, interpretations, etc., are their own and not those of the College and may not represent current or accurate information. In most cases, listing a title in a “profile” or “resume” would not require such a disclaimer but commenting on policy, governmental affairs, or controversial issues without adherence to the College’s media relation standards and/or Ethics Ordinance would require such a disclaimer. Personal opinions expressed in personal restricted venues using personal computing resources most often would not require disclaimers.

3. Employees and volunteers recognize that they use Social Media at their own risk. The College assumes no responsibility or liability for social media activity by employees or volunteers that is not approved and coordinated through the Marketing and College Communications Department.

4. No employee or volunteer shall post to Social Media any proprietary
information of ICC or any materials for which ICC holds a copyright, including, without limitation, any materials which may have been created by an employee, but were created pursuant to the employee’s work duties such that the materials are a “work for hire,” without written permission or a license ICC retains the copyright to all works for hire.

5. No employee or volunteer shall post to Social Media any materials prepared by a student without the express permission from the student who authored the materials.

6. No employee or volunteer shall post on Social Media any student records that are protected under the Illinois Student Records Act or the Family Educational Rights and Privacy Act (FERPA). A student record is any record, maintained by ICC, by which a student may be individually identified.

7. Even when using Social Media on a personal basis, employees or volunteers shall not post material that is a violation of ICC’s workplace policies, including those against discrimination, harassment on account of age, race, religion, sex, sexual orientation, gender, ethnicity, nationality, disability, or other protected class, status, or characteristic or material that is otherwise offensive, malicious, demeaning, obscene, abusive, harassing, threatening, or intimidating regarding any ICC employee or volunteer, or regarding a student that the employee obtained information about through the employee’s employment with ICC.

8. Nothing in this Social Media policy shall be interpreted in a manner that violates an employee’s or volunteer’s First Amendment rights or interferes with an employee’s right to engage in protected concerted activity or union activity.

9. It is acknowledged that in light of ICC’s educational mission, instructors and other employees may find it beneficial to utilize Social Media in furtherance of their duties. Employees who access Social Media during work hours or on ICC owned equipment must also comply with the ICC’s computer usage policies. There is not right to privacy on ICC owned equipment.

10. Classroom activities that involve the use of the Social Media should follow the guidelines established above only when such material is visible beyond the confines of the virtual classroom.

Article XX. **Identity Theft Prevention Policy**

Section 1. **Policy**

Illinois Central College has determined that it falls under the provisions of the Fair and Accurate Credit Transaction Act of 2003 (FACTA), Public Law 108-159, specifically sections 114 and 315. To ensure compliance with the Act, Illinois Central College shall develop and implement an appropriate policy and identity theft prevention program that is designed to detect, prevent, and mitigate identity theft in connection with the opening of a covered account or any existing covered account as defined in the Act. (See Definitions – 111)

Section 2. **Purpose**

The purpose of this policy is to establish an Identity Theft Prevention Program designed to detect, prevent, and mitigate identity theft in connection with the opening of a covered account or an existing covered account and to provide for continued administration of the Program. The Program shall include reasonable policies and procedures to:

1. Identify relevant red flags for covered accounts it offers or maintain and incorporate those red flags into the program;
2. Detect red flags that have been incorporated into the Program;
3. Respond appropriately to any red flags that are detected to prevent and mitigate identity theft; and
4. Ensure the program is updated periodically to reflect changes in risks to students and to the safety and soundness of the creditor from identity theft.

The program shall, as appropriate, incorporate existing policies and procedures that control reasonably foreseeable risks.

Section 3. **Definitions**

**Identity theft** is defined as fraud committed or attempted using the identifying information of another person without authority.

A **covered account** is defined as an account that a creditor offers or maintains, primarily for personal, family, or household purposes, that involves or is designed to permit multiple payments or transactions.

A **red flag** is a pattern, practice, or specific activity that indicates the possible existence of identity theft.
Section 4. Covered Accounts

Illinois Central College shall identify covered accounts for inclusion in the College’s Identity Theft Prevention Program. The program must address covered accounts administered by the College and any that are administered by a service provider.

Section 5. Identification of Relevant Red Flags

Illinois Central College officials shall identify the relevant red flags for covered accounts. The red flags generally fall into the five categories listed below:

1. Alerts, notifications, or warnings from a consumer reporting agency;
2. Suspicious documents;
3. Suspicious personally identifying information, such as suspicious address;
4. Unusual use of – or suspicious activity relating to – a covered account; and
5. Notices from customers, victims of identity theft, law enforcement authorities, or other business about possible identity theft in connection with covered accounts.

Section 6. Oversight of the Program

Responsibility for developing, implementing, and updating this Program lies with the Executive Vice President of Administration and Finance for Illinois Central College. The Executive Vice President’s designee will be responsible for the Program administration, for ensuring appropriate training of the College’s staff on the Program, for reviewing any staff reports regarding the detection of red flags and the steps for preventing and mitigating identity theft, determining which steps of prevention and mitigation should be taken in particular circumstances, and considering periodic changes to the Program. The designated official is also responsible for sending the program to the Executive Vice President of Administration and Finance for review.

Section 7. System Guidance

ICC has developed a program for use by its departments in the identification and response to red flags.

Article XXI. **Emergency Operations Plan**

As Illinois Central College (ICC) is potentially vulnerable to emergencies and disasters which may require an extraordinary commitment of College resources, officials of the College have developed a multi-hazard, multi-functional Emergency Operations Plan (EOP) to direct ICC’s response to such events. The EOP will assist the College in accomplishing one of its primary responsibilities: protecting the lives and property of students, faculty, staff, and others.

The EOP will outline the actions to be taken by designated ICC officials to:

- Prevent avoidable emergency situations;
- Respond effectively and efficiently to the occurrence of emergencies and disasters;
- Implement strategies and capabilities to reduce the vulnerability of persons associated with ICC from the negative effects of emergencies and disasters, and;
- Provide for continuity of operations and recovery in the aftermath of any emergency or disaster affecting the College.

This EOP complies with the State of Illinois Campus Security Enhancement Act of 2008 (110 ILCS 12/1) and is consistent with the emergency management principles of the federal National Incident Management System (NIMS).

As there may be limited emergency response resources on hand or in reserve, ICC may call on the local municipal jurisdiction or other local, regional, state and federal emergency management agencies, as well as private or volunteer organizations, for assistance and material support.

The members of the Illinois Central College Emergency Management Leadership Group, chaired by the College President, are authorized to activate all or any appropriate part of the Illinois Central College Emergency Operations Plan, as needed, to direct and control the College’s emergency response operations. The Emergency Management Leadership Group member authorizing the activation shall notify the chairperson of ICC Board of Trustees of the actions taken.
