Annual Campus Police Safety & Fire Report For Calendar Year 2013 (ICC Clery Report)
The ICC Campus Police Department prepares this report to comply with the Federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. This report is prepared in cooperation with the local law enforcement agencies of jurisdiction surrounding our campuses, the ICC Vice President of Student Services, Woodview Commons, and other departments in the College who provide updated information on their educational efforts and programs to comply with the Act. This report contains detailed information covering a broad range of topics, including campus safety and security services, crime prevention policies, emergency response actions, and campus crime and fire safety related information and statistics.

Campus crime, arrest, and referral statistics include those reported to the Campus Police Department, local law enforcement agencies, and designated Campus Security Authorities (any college official who has significant responsibility for students and campus activities including, but not limited to, directors, deans, student housing employees, advisors to students / student organizations, health care professionals, and athletic coaches).

By October 1 of each year, all current employees and students are sent an e-mail notification of the availability of the report online and the locations to request a paper copy. Notification of the report’s availability is also posted on www.icc.edu. This report is accessible online at www.icc.edu/clery-act-report and is also made available upon request at any Campus Police Department and the Office of the Vice President of Student Services. All new college employees receive notification of the availability of the annual report during their in-processing and employee orientations and students receive notification in the Student Handbook and during New Student Orientations. Availability of the report is also published in the College’s Emergency Response Guide.

The Illinois Central College Campus Police Department has offices on all four campuses. The East Peoria Campus Police Department office is operational and dispatchers are available by phone 24/7. Campus Police offices on the Peoria Downtown, North, and Pekin South Campuses are operational during periods when classes are scheduled.

**East Peoria Campus**
1 College Drive, Room 103A
East Peoria, IL 61635

**Downtown Campus, Thomas Building**
201 S.W. Adams Street, Room 122
Peoria, IL 61635

**Pekin South Campus**
225 Hanna Dr., Room 101
Pekin, IL 61635

**Downtown Campus, Perley Building**
115 S.W. Adams St., Room 112
Peoria, IL 61635

**Peoria North Campus**
5407 N. University St., Cedar Hall, Room C19
Peoria, IL 61635
The primary function of the Campus Police Department is to protect life and property in all situations and preserve peace within the established limits of the College community. Campus Police is also charged with the security of campus buildings and grounds, enforcement of laws, criminal and general incident reporting and investigation, regulation and control of traffic, vehicle assistance, emergency medical assistance, and the college communications center. The Campus Police Department maintains a working relationship with federal, state and local police agencies. Interagency agreements are either in place or under consideration with the local law enforcement agencies. Special needs are communicated between agencies as they occur.

Authority of Campus Police and Security Officers

Campus Police and Security Officers receive their authority through the Illinois Public Community College Act, 110 ILCS 805/3-42.1, which is sanctioned by the ICC Board of Trustees. Campus Police Officers are armed and have all the powers possessed by county and municipal police officers, including the power to make arrests and issue citations on college property. Non-law enforcement Campus Safety and Security Officers have Use of Force and Arrest powers as authorized in state Statutes 725 ILCS 5/107-3, 725 ILCS 5/7-1 and 5/7-3.

All officers with the Campus Police Department have the authority to issue Regulation Violation Notices to violators of the established College Regulations Policy, which covers conduct for everyone on College property ranging from parking, smoking / tobacco, and loud music / noise to disorderly conduct, assault, theft, and alcohol / drug use or possession. The College Regulations Policy can be found online on the Campus Police website at www.icc.edu/campus-police. Issuance of a Regulation Violation Notice does not preclude College officials or law enforcement officers from any additional appropriate action including lawful arrest.

Crime Prevention

During orientations in August, new students are informed of services offered by the Campus Police Department and are told about crime on-campus and ways to maintain personal safety. Similar information is presented to new employees during orientation. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. In addition to orientations, information is disseminated to students and employees through the Campus Police webpage, the college’s Emergency Response Guide, videos, security alert posters or displays, and articles and advertisements in the college news magazine, the Harbinger. Students living at Woodview Commons are also given personal security awareness information in their lease information.
Crime Reporting

ICC EMERGENCIES  694-5111 or 5111 from on-campus phone

ICC Campus Police Department
East Peoria Campus, Room 103A  694-5223
North Campus, Cedar Hall C19  690-6899
Downtown, Thomas Building, Room 112  999-4699
Downtown, Perley Building, Room 122  999-4599
Pekin South Campus, Room 101  635-8804

Emergency Call Box Locations
East Peoria Campus  Near the bridge approach between Lots A and B, by Lot C, E, G, CC, next to the sidewalk near College Circle and in parking lots at Woodview Commons
North Campus  Lots 1, 2, 3, 5 and 7

Emergency call boxes, located outdoors and marked with a blue light, provide a direct link to the Campus Police emergency line. Officers will respond immediately to the activation of these emergency boxes. General-use wall phones, available on all campuses and generally located in public access areas and hallways, are also available to report crimes. Call boxes / phones are also located in all elevators and at main exterior door locations on all four campuses.

Peoria Police  673-4521
Pekin Police  346-3132
Rape Crisis Line  691-4111
Center for Prevention of Abuse  1-800-559-SAFE
If assistance is required from the local or state police agencies, Campus Police will contact the appropriate organization. The contact information provided for additional campus resources and local agencies is made available to provide ICC community members with specific information about the resources that are available in the event that they become the victim of a crime. This is not provided to infer that those resources are “reporting entities” for Campus Police.

All crimes should be reported to the Campus Police Department to ensure inclusion in the annual crime statistics and to aid in providing emergency notifications and timely warning notices to the community, when appropriate. The Campus Police Department encourages all employees and students of the college to promptly report crimes and encourage victims or witnesses of crime to voluntarily report these offenses to the Campus Police. At the request of the reporting victim or witness, the College and Campus Police will make every effort to maintain their confidentiality with respect to the law and college policies. Mental health counselors receiving crime reports in a confidential session should report the crime as an anonymous statistic to Campus Police for inclusion in the annual report. Persons receiving reports of sexual violence where the victim declines to report to law enforcement should report the crime as an anonymous statistic to Campus Police as well. However, Campus Police should be notified in all cases where there is a clear and compelling continued threat to the safety of the campus community.

The Campus Police Department has a strong working relationship with the Department of the Vice President of Student Services and all incident reports involving students are forwarded to the Dean of Students office for review and follow-up.

**Missing Residential Students (Woodview Commons)**

Students living at Woodview Commons may stop in person at the Campus Police Department office on the East Peoria Campus in 103A between 8am-4pm on regular business days to register one or more individuals to be a contact person strictly for missing person purposes. This information will be kept confidential and may be accessed only by authorized campus and law enforcement officials for the purpose of a missing student investigation.

Persons reporting a student living at Woodview Commons as missing should immediately contact the Campus Police Department office at 694-5111. Campus Police will generate a missing person report and initiate an investigation. If a student has registered a contact person, the institution will notify that person no later than 24 hours after the student has been officially determined as missing. If a student is under 18 years of age and not emancipated, the contact person as well as the custodial parent or guardian shall be contacted. The institution will notify the East Peoria Police Department when any student who lives at Woodview Commons has been determined to be missing for 24 hours.
Daily Crime Log

In compliance with the Clery Act, any institution that maintains a campus security department must maintain a written, easily understood Daily Crime Log. The Daily Crime Log is available for inspection upon request during normal business hours at the Campus Police Department office on all campuses.

Information included on the log is the nature, date, time, and general location of each crime reported to the department as well as the disposition of the complaint if this information is available at the time the log is created. Disclosures in the Daily Crime Log are published in a manner that would not jeopardize the confidentiality of the victim. Information may be temporarily withheld only if there is clear and convincing evidence that the release of information would jeopardize an ongoing investigation or the safety of an individual, cause a suspect to flee, or result in the destruction of evidence.

Fire Log

Also in compliance with the Clery Act, the institution maintains a written, easily understood fire log that records, by the date reported, any fire that occurs in on-campus student housing (Woodview Commons). Information included on the log is the number of fires, date the fire was reported, nature of the fire, date and time of the fire, and general location of the fire. The Fire Log is available for inspection upon request during normal business hours at the East Peoria Campus Police Department office in room 103A.

Emergency Response and Evacuation Procedures

All members of the ICC Community are to notify the Campus Police Department of any situation or incident that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students, staff, and visitors on campus. Illinois Central College has an Emergency Operations Plan which has been reviewed and approved by local emergency response agencies. ICC will convene the Issues Management Team (Crisis Team) will be convened to assess the situation and disseminate information as necessary.

Campus Police have the responsibility of responding to and summoning the necessary resources to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. The validity of existing emergency situations will be confirmed by reliable eyewitness reports from Campus Police and Security Officers, faculty, college support staff, and other witnesses. Other officials, such as emergency management personnel, may be consulted regarding incidents such as weather emergencies, hazmat spills, or facilities issues.

If Campus Police confirms a significant emergency or dangerous situation involving an immediate threat to the health or safety of the campus community, the Chief of Campus Police will collaborate with other departments as necessary, including the Marketing and
College Communications Department, to determine the content of the message and the appropriate segment of the community to notify, which may be targeted at a specific location or segment of the population that is potentially threatened. The Campus Police Communications Center and the Marketing and College Communications Department will, without delay and taking into account the safety of the community, initiate the emergency notification system, unless issuing a notification will, in the judgment of the first responders, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. If it is determined the emergency or dangerous situation threatens communities surrounding our campuses, local emergency services will also be notified.

Various systems are in place for communicating information quickly, including:

- ICC web site www.icc.edu
- ICC email
- Global messages to ICC phone extensions
- ICC MyAlert (voice, text, email)
- Local news media / press conference
- ICC public access TV channel #17
- Information on computer screens in ICC labs
- ICC Today (district-wide newsletter)
- In person (officer patrols, group meetings, special events)
- Direct mail
- Fax
- Social media (Facebook, Twitter)
- Informational signage / posters (in appropriate and prominent locations on campus, i.e. exterior entrances, WoodView Commons’ public areas, Student Center, and bulletin boards throughout all campuses.)
- Electronic signage at college entrances
- Public address systems
- ICC radio FM 90.7 WAZU

Illinois Central College will test the emergency response and evacuation procedures on an annual basis, including publicizing its procedures in conjunction with at least one test a year. Illinois Central College will document the type of training exercise(s), the date and time, and if the exercise was announced or unannounced. Planned exercises will be announced to the college community by use of marketing advertisements, e-mail blasts, social media, and other forms of distribution. The intention of this announcement is to help inform the campus community about what to expect and what they should do in the event of an emergency.

An Emergency Response Guide is updated as needed and distributed to the college community. Availability of the guide is published in student and employee handbooks and communicated during orientations, as well as made available online at www.icc.edu and on the Campus Police website at www.icc.edu/campus-police. The Emergency Response Guide provides recommended emergency response actions during possible crises, including incidents of emergency, evacuation, reporting an emergency / crime, armed
suspect / active shooter, threats of violence or suspicious packages, distress / disruptive / dangerous people, hazardous materials, medical emergencies, and severe weather / natural disasters.

**Timely Warning Notices (Campus Crime Alerts)**

The College will develop campus-wide “Timely Warning” notices (Campus Crime Alerts) for the ICC community to notify its members about certain serious crimes that are considered to represent a serious or continuing threat to the campus community. The warning will include all information that would promote safety and aid in the prevention of similar crimes, while still keeping names and other identifying information of victims confidential and excluding information that would compromise police efforts to contain or mitigate the threat. The previously listed means to communicate emergency notifications may also be used for timely warnings.

**Evacuation Procedures**

Emergency evacuation instructions and maps are posted at strategic locations on our campuses for viewing by the college community.

Immediately get to a safe location and call Campus Police if you discover any of the following events requiring evacuation:

- Fire
- Smoke
- Major gas leak
- Explosion
- Structural damage or collapse
- Hazardous material spills, odors or fumes

When an alarm sounds or if you are instructed to evacuate by a college representative:

- Pay attention and follow instructions given over the public address systems
- Move quickly and use the nearest safe exit
- Do not use elevators unless authorized emergency personnel tell you to do so
- Move at least 1,000 feet away from the involved area
- Keep doorways, walkways and roads clear for emergency vehicles and crews
- Do not re-enter the building until someone in authority gives an “all clear” signal.

If safe to do so, as you are leaving:

- Activate a fire alarm by pulling on an alarm box.
- Notify others who might not have heard the alarm or evacuation order.
- Aid others in need of assistance in exiting the building.
- Report any injured, missing or trapped persons to emergency personnel as soon as possible.
If you are unable to leave the building immediately (because of a physical disability, injury, or obstruction):

- Go to the nearest area where there are no hazards.
- Call Campus Police to notify them of your situation.
- Give an exact location with room numbers or prominent landmarks.
- Signal out the window to emergency responders, if possible.

Serious Gas Leaks / Ventilation Problems

Cease all operations and do not switch on lights or any electrical equipment, including use of telephone or two-way radio. Remember, electrical arcing can trigger an explosion. Follow evacuation procedures and immediately call Campus Police from a safe location.

Explosion

Immediately take cover under tables, desks, and other objects which will give protection against falling glass or debris. Follow evacuation procedures after the effects of the explosion have subsided.

Fire Safety

All fires occurring on campus must be reported to the Campus Police Department, including those that have been extinguished. Smoke is the greatest danger in a fire. Stay near the floor where the air will be less toxic as you evacuate. If clothing is on fire:

- Drop to the ground or floor and roll to smother flames.
- Smother flames using a blanket or other suitable object.
- Drench with water, if available.
- Seek immediate medical attention for all burns and injuries.

Fires are to be immediately reported to Campus Police at 694-5111. This includes fires that have already been extinguished as well as those discovered while burning. Illinois Central College’s guidelines are no candles, incense, or open flames permitted on any College or Foundation-owned property (Woodview Commons) unless it is an approved action used in a course of study. The College prohibits tobacco products except while in designated smoking areas or personal vehicles. Woodview Commons also prohibits smoking in all areas of the facility, including apartments and on breezeways, except for the parking lots. All portable electrical equipment should be UL approved, inspected by a Maintenance Electrician and used for the manufacturer’s designed use. Fire extinguisher training is available from the Risk Management Department.

The Woodview Commons management team oversees at least one fire drill each academic year. Residents of Woodview Commons are given informational brochures on fire safety and evacuation procedures, which instructs residents to:

- Close the door between them and the fire
- Pull the nearest fire alarm pull station
- Begin knocking on doors on the way to the nearest emergency exit and away from the buildings
- Keep low to the ground to avoid smoke

## Facility Security Measures and Access to Campus Facilities

Illinois Central College buildings are monitored by smoke and fire alarm systems. Illinois Central College has surveillance camera systems installed throughout its facilities. The camera systems are monitored as needed and continuously recorded to magnetic or electronic media. The use of these camera systems enhances the investigation, apprehension, and prosecution of anyone who attempts to breach the safety or security of the college community.

Campus Police and Security officers also detect and report safety and security hazards during routine patrols. Officers frequently conduct inspections of the security features in place, such as duress alarms, fire extinguishers, emergency call boxes, and exterior lighting, in an ongoing effort to maintain existing conditions while increasing campus protection. Official channels of internal communications exist to facilitate the repair or improvement of security systems on campus. The Facilities Services Department recognizes the importance of and responds promptly to requests that involve safety and security issues. Additionally, the Directors of Facilities Services, Facilities Planning, Construction Management, and Campus Police meet bi-weekly to discuss the campus facilities.

### Access to Campuses

Access to campus buildings and grounds is a privilege extended to students, staff, and visitors. The College encourages an open environment with limited constraints to ensure the reasonable protection of all members of the community. Campus Police maintains and implements a schedule to lock and unlock each academic and administrative building. Most campus facilities are open during weekday business hours. Some campus buildings are open a limited number of hours on weekends. Proximity card / badge access is being used in several locations on interior doors and is being expanded as upgrades / remodeling is accomplished.
Instructors, college personnel and administrators wishing to enter the East Peoria Campus outside of normal hours must sign in and sign out at the Campus Police Department office in room 103A. We ask that everyone complies with this, not to monitor anyone’s activities, but that in the event an emergency arises we will have an accurate record of who may need assistance. Unsupervised students will not be allowed into campus buildings or locked classrooms after hours without prior written authorization from an instructor or department chair that has been submitted to the Police Chief for review. Faculty and staff needing access to the Downtown, North, and South campuses outside of normal hours must contact the Campus Police Department office at 694-5223.

Illinois Central College does not have any officially recognized student organizations with off-campus locations. Municipal law enforcement agencies have primary jurisdiction in all areas off-campus.

**Access to Woodview Commons**

Access to WoodView Commons is limited to residents and their guests. The parking lot has gated access. Officers of the Campus Police Department staff the gated access from 8 p.m. until 3 or 4 a.m. each day. Guests’ identifications are checked and guests are checked in on arrival and logged out upon their departure. During hours the gate access is not staffed by officers, guests are required to check in and out at the clubhouse reception desk. There are five apartment buildings and access to each apartment is controlled by the policies and guidelines of WoodView Commons.

**Sexual Assault, Dating or Domestic Violence, and Stalking**

If you are a victim of a sexual assault, dating or domestic violence, or stalking, your first priority should be to get to a place of safety. You should then notify law enforcement authorities and obtain any necessary medical treatment. The Campus Police Department strongly encourages that a victim report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. As assault occurring on-campus should be reported directly to the Campus Police Department at 5111 or (309) 694-5111. If the assault occurs off-campus, the local police department should be immediately notified by calling 911. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions. Filing a police report will:

- Ensure that a victim receives the necessary medical treatment and tests
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam)
- Assure the victim has access to free confidential counseling from specifically trained counselors

However, a victim has many options in these situations, including:

- Notifying a campus authority
- Notifying proper law enforcement authorities
• Requesting the help of campus authorities in notifying law enforcement (if requested, personnel must assist the student in notifying law enforcement)
• Declining to notify either campus authorities or law enforcement

A person charged with a crime of sexual assault, dating or domestic violence, or stalking can be prosecuted under Illinois criminal statutes. When the accused is a student, a victim may choose for the investigation to be pursued through the criminal justice system and the Dean of Student’s Office, or only the latter. Student offenders can be disciplined under the college Student Conduct Code (detailed in the Student Handbook). A student charged with any offense may elect to have a hearing, conducted by the Vice President of Student Services or a designated hearing officer, where the burden of proof shall be a preponderance of the evidence. Officials will be annually trained on issues relating to sexual assault, dating or domestic violence, and stalking, as well as on how to conduct disciplinary proceeding investigations and hearings.

Both the accuser and the accused in an alleged offense are entitled to have an advisor accompany throughout a disciplinary proceeding. Attorneys will not be allowed to address those at the hearing, but will be allowed to serve in an advisory capacity. Both will be informed of the outcome of any institutional disciplinary proceeding in the same manner and time frame. If the alleged victim is deceased as a result of the crime or offense, the college will provide the results of the disciplinary hearing to the victim’s next of kin, if so requested. Disciplinary sanctions which may be administered by the Vice President of Student Services include, but are not necessarily limited to, warning, disciplinary probation, restitution, community service, suspension, and dismissal. Any complaints against college employees should be directed to the Human Resources Office for review and appropriate action.

The college will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, and other services available both on and off-campus for victims. The college will also provide written notification to victims of procedures to follow if a crime has occurred, the importance of preserving evidence, and their rights and options. This includes options for no contact orders and orders of protection issued by a court as well as options for, and available assistance in, changing academic, living, transportation, and working situations. The institution must make these accommodations if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to law enforcement. In circumstances in which it is necessary for the college to take steps to protect the safety of the victim and / or college community, it will be done in a manner which would not foreseeably compromise the privacy of the victim.

Various counseling options are available from the college through the Health Services Office, Counseling Office, and Employee Assistance Program. Illinois Central College has established a Sexual Assault Response Team (SART) to provide emergency and follow-up services to victims of sexual assault within the college community and to plan and promote sexual assault prevention and informational programs throughout the year. Counseling and support services off-campus can be obtained through the Center for Prevention of Abuse
at 1-800-559-SAFE, the National Sexual Assault Hotline at 1-800-656-HOPE, or online at www.rain.org.

Prevention and Awareness Programs

Informational and prevention and awareness programs are coordinated by the Student Services and Human Resources Departments, in conjunction with Health Services, which include:

- A statement that the college prohibits dating and domestic violence, sexual assault, and stalking
- A definition of these terms based on Illinois Compiled Statutes, as well as a definition of consent, in reference to sexual activity
- Description of safe and positive options for bystander intervention
- Information on risk reduction
- Policies and procedures after a sex offence occurs, including victim’s options about the involvement of law enforcement
- Description of disciplinary proceedings, the “standard of evidence” used, and all the possible sanctions
- Protective measures that may be offered following an allegation

These primary prevention and awareness programs may be offered to new students and employees through prevention workshops, posters / flyers in living units and college buildings, advertisements in the Harbinger news magazine and other relevant media, and presentations in classes, residential housing, and other relevant settings. The college will provide ongoing prevention and awareness campaigns for students and employees through the same channels and methods.

Safety Tips for Risk Reduction

- **Be aware of your surroundings. Avoid being alone in unfamiliar or isolated places, especially at night.** Pay attention to who may be walking near you or following you. Avoid putting music headphones in both ears.
- **Trust your instincts.** If you feel unsafe or uncomfortable, go with your gut. If you see something suspicious contact law enforcement immediately.
- **Enroll in a personal safety course such as RAD (Rape Aggression Defense).** The Center for Prevention of Abuse conducts this course several times a year. Call the Center at 309-691-0551 to schedule attendance.
- **Remain in public or group settings** in acquaintance or dating situations until the person has earned your trust. Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
- **Set clear boundaries regarding what is and is not acceptable behavior.** Do not allow yourself to be pressured into going beyond those boundaries. If you feel pressured, clearly and loudly state that it is unacceptable and leave the area.
- **Never leave a drink unattended or accept drinks from people you don’t know and trust.** If you do leave it unattended or out of your sight, pour it out and get a fresh one. Date rape drugs can quickly be put into a drink without detection.
Sex Offender Registration

The Federal Campus Sex Crimes Act, effective October 28, 2002, requires institutions of higher education to issue a statement advising the campus community where information regarding registered sex offenders may be obtained. A sex offender, sexual predator, sexually dangerous person, or sexually violent person is required to register as a sex offender in person at the local law enforcement agency having jurisdiction of their residence and at the local law enforcement agency having jurisdiction of the area where institutions of higher education are located. Effective January 1, 2012, a sex offender who is employed at or attending an institution of higher education must also register in person with the campus police department of the institution of higher education. To be in compliance with this law, convicted sex offenders are required to register in person with the Campus Police Department within three days of the beginning of each semester they are enrolled at ICC. A list of the registered sex offenders attending ICC can be viewed at the Campus Police Department on the East Peoria Campus.

The Illinois State Police administers the statewide Illinois Sex Offender Database. Any questions regarding the program may be directed to the Illinois State Police at (217) 785-0653. Information regarding this program can be found at www.isp.state.il.us/sor.

Alcohol and Drugs

Illinois Central College expects its students and employees to comply with all local, state and federal laws regarding the use or possession of alcoholic beverages and controlled substances. The State of Illinois requires that persons be 21 years of age or older to purchase, possess or consume alcoholic beverages, including wine and beer. It is unlawful to sell, furnish, or provide alcohol to a person under the age of 21.

Illinois Central College prohibits the possession of any alcoholic beverage on its campuses except when expressly authorized. The college forbids the possession, use, or distribution of illegal drugs such as marijuana, LSD, cocaine, inhalants, hallucinogens, or narcotics by anyone on college property. Such laws and regulations are strictly enforced by the Campus Police Department, who have the discretion to issue Regulation Violation Notices (college fines) or proceed with criminal charges. Any individual possessing, using, or distributing alcohol or drugs is subject to college disciplinary action, fine, arrest, and imprisonment according to applicable laws and regulations. Legal sanctions and health risks associated with alcohol and other drugs are published annually in the Student Handbook, including regulations on Financial Aid if a student has been convicted of possession. A violation of any law regarding alcohol or drugs is also a violation of the Student Conduct Code and will be treated as a separate disciplinary matter by the Dean of Students.

Prevention Programs

The College has developed a program to provide services related to drug and alcohol use and abuse including dissemination of informational materials, counseling services, referrals, and college disciplinary actions. The Health Services Office, Counseling Center,
or Human Resources Office can provide further information and referrals to outside agencies including the Employee Assistance Program.

**Health Risks of Alcohol and Other Drugs**

Any drug is a potential poison which can cause disability and death if it is taken incorrectly into the body, consumed in the wrong amounts, or mixed indiscriminately with other drugs. Alcohol is the most abused drug in society, as well as on college campuses, and is directly involved in many injuries, assaults, and the majority of deaths in people under age 25. Commonly abused illegal drugs include marijuana, cocaine, stimulants, hallucinogens, depressants, narcotics, steroids, and inhalants. In recent years legal drugs such as caffeine, nicotine, and over-the-counter and prescription drugs have been increasingly misused, each of which has its own associated health risks.

Health risks of misusing or over-using alcohol or other drugs include both physical and psychological effects. The health consequences of drugs depend on the frequency, duration, and intensity of use. For all drugs there is a risk of overdose. Overdose can result in coma, convulsions, psychosis, or death. Combinations of certain drugs, such as alcohol and barbiturates, can be lethal. The purity and strength of doses of illegal drugs are uncertain, therefore dangerous.

Continued use of such substances can lead to developing a tolerance (which requires more and more of the drug to get the same effect), or a dependence / addiction (physical or psychological need), and withdrawals (the painful, difficult and dangerous side effect of stopping use of the drugs). Long-term chronic use of drugs can lead to malnutrition, organic damage to the body, and psychological problems. The risk of AIDS and other diseases increases if drugs are injected. The consumption of alcohol or drugs by pregnant women may cause abnormalities such as Fetal Alcohol Syndrome (the third leading cause of birth defects) in babies.

Note:  
1. Larceny/Theft is not required by the Clery Act to be reported, but it is included to emphasize the frequency of occurrence.  
   Theft is a crime of opportuny – please maintain control over your personal and college properties.  
2. As per Clery regulations, statistics for on-campus student housing at Woodview Commons is combined with on-campus statistics for the East Peoria Campus as well as disclosed separately in its own section.
