

Fall 2018 Final Exams

Tuesday, December 11- Monday, December 17, 2018

Final Examination date/time/room assignments are released in eServices in mid-September, mid-February and mid-June for the current term. Students and Faculty can log-in to their eServices account and access this information through the My Final Exam Schedule link. A static schedule of all Final Exams is included below. Plans for travel should not be scheduled until after the full final exam week is completed.

All instructors are expected to give their final exams during the assigned examination period. Even if an exam is not given in the course, the class should still meet at its assigned time unless other arrangements are approved by the Dean of the department and the request processed in the Curriculum & Scheduling office. Any exceptions must be approved in advance.

Conflicting Exam Times

If a student has more than one exam scheduled for the same time, the student should contact their instructors to arrange an alternate exam time for one of the courses. Students scheduled for more than two exams on any one day may contact their instructors to facilitate an alternate exam time.

Final Examination Cancellation by the College

In case of emergency cancellations, faculty should contact their department to confirm cancellation plans. An alternative schedule for examinations in case of inclement weather or other closing of the College will be made available to the departments. Plans for travel should not be scheduled until after the full final exam week is completed.
