

Beginning Spring 2018 . . .

- Every course taught at ICC will have an empty Blackboard site automatically generated for it.
- Instructor and student enrollments will be dynamic, and the course will be visible to enrolled students on its start date.

During Fall 2017 . . .

- Attend a training session (see schedule on reverse side) provided by the Teaching & Learning Center (TLC) staff to learn more about how to manage these course sites and copy your existing Blackboard content into these blank course sites.
- We will hold introductory Blackboard sessions in November for those who are new to using Blackboard.
