

# FALL 2020

Illinois Central College announced today the learning options for the Fall 2020 semester. These decisions were based, first and foremost, on ensuring the health and safety of our students and employees. We have created a plan that is flexible, safe and effective to help you achieve your educational goals.

ICC will offer our Fall 2020 courses in these four formats:

- **Online Anytime** is a traditional online course, providing a convenient, flexible and student-centered way of learning. You log in and complete your course assignments day or night, without coming to campus. There is not an expectation that students be online at a specific time with their classmates or instructor.
- **Online Scheduled** is an online class at a scheduled time. You log in to your class at the scheduled times and participate in live, video-supported classes with your instructor and classmates. This online course format is the most comparable to the face-to-face, on-campus experience.
- **Hybrid** courses will include online lectures and on-campus attendance to complete lab or hands-on experiences. This will be reserved for courses requiring face-to-face instruction for hands-on learning. The on-campus experience will include social distancing, specific entry and exit points, and personal protective equipment for students and faculty.
- **Clinicals and Internships** will continue at their off-campus locations as long as the hosting partner is able.

Regardless of the way you take ICC courses, you will still have access to the same virtual support and services, such as academic support, counseling, free tutoring, library services, career advising and more. Standard elements of all courses, such as the syllabus, expectations, and how you will receive course information, will be provided to you in Blackboard.

**[Save your spot - enroll now.](#)**

Although we are currently adjusting the fall schedule to these options, you can still enroll now in order to lock in your preferred classes. We will contact you as we move forward converting the schedule.

**Enroll Now**

#### Reminders:

- Fall classes begin **August 17**.
- Visit [icc.edu/virtualseervices](http://icc.edu/virtualseervices) for ICC student services available to you.
- Check your email often and stay on track at [MyICC](#). Forget your password? Contact [helpdesk@icc.edu](mailto:helpdesk@icc.edu).
- **Online advising** appointments are available.
- Visit [FAQ's](#) for quick answers to current questions.

Questions? Need guidance? We're here for you at [enroll@icc.edu](mailto:enroll@icc.edu) or (309) 694-5600.
