Student Success

Athletics

With the semester well under way, our fall athletic programs - Volleyball, Women’s Soccer, Men’s Soccer, and Golf - have begun their competitive season. Softball & Baseball are playing their scrimmage fall-ball seasons.

- **Volleyball** is currently ranked #9 in the NJCAA national polls this week (record is 23-11).
- **Women’s Soccer** has started their season off quickly with a (2-0) record.
- **Men’s Soccer** is currently ranked #18 in the NJCAA national polls this week. They are off to a strong start with a (4-0-1) record.
- **Golf** began its first meet of the year with a 6th place finish.

Access Services

- Access Services completed scanning of old paper documentation over the summer. As of the end of August 2021, all old files are now digitalized, and new applicants apply digitally.
- The online system for applying put into place through Maxient last year continues to be well received. Turnaround time from applying to receiving accommodations is between 1-2 business days. In August 2021, 110 students were served remotely. Overall, 206 new students were served remotely since registration opened for the summer/fall terms.
- Access Services staff have been proactive in working on online accessibility features. One big project was closed captioning options. We now use the Zoom automated feature by asking IT services to grant access to faculty members.
- Access Services now has a video that explains what Access Services is and how to get set up with services, as well as how to renew services for current students. The video was produced by the Marketing department.

Student Accounting Services:

- Awarded Tuition Relief Credit of $465 to 2,187 students based upon enrollment reports through 8/27/2021. Final review of students’ enrollment and awarding will occur after Census Day.
- Facilitated opportunity for 479 students with prior balances to enroll in the fall semester. 101 students took advantage of the opportunity.
• Processed over 1,200 bookstore charge requests under new electronic process to support students in being ready for the first day of class.
• Have seen over 950 students enrolled in payment plans for the fall semester and have over 80 third party sponsor contracts set up for more than 500 students.

**Enrollment Services:**

The Graduation office has been working hard on certificating all the summer graduates. There were over 370 students certificated with degrees/ certificates.

**Student Life**

Student Life is motivated to provide students with resources and opportunities for a successful Fall semester!

• **August 20:**
  o During “Welcome Days,” students were able to relax while getting to know other students at the “Social Shindig” that Campus Housing sponsored.

• **August 25:**
  o During the “Student Organization Showcase,” student leaders, as well as advisors, had tables set up to highlight their organization and recruit new members. Students who met with each organization received a free lunch from Student Life.

• **August 27:**
  o Students involved with SAFE (Student Association for the Environment) went on an adventurous hike on the East Peoria campus.

• **August 31:**
  o The Executive Board of SGA (Student Government Association) met to discuss plans regarding how to involve students during the Fall semester and prepare for Senator Elections.

• **September 14-15:**
  o Organization advisors and student officers met to discuss updates and how to increase student involvement at the “Student Organization Meetings.”
  o PBL (Phi Beta Lambda), SKD (Sigma Kappa Delta), and the International Club recently held their first meetings of the semester.
Marketing

Fall 2021 enrollment campaign changed messaging in early August to emphasize “It’s not too late” and extended service hours, specifically the two open Saturdays. Custom audiences were targeted through weekly emails, texts, digital ads and geofencing, and social media ads. General advertising included radio, tv, digital and static billboards and print ads. Weekly contact was made with current students to increase retention.

Once the fall semester started, messaging shifted to promote 12-week classes immediately. Prospective students as well as those who had not reenrolled for fall were targeted with emails, texts, digital ads, social media, digital signage and print advertising.

Marketing and Events worked with the Employee Engagement Committee to plan and promote the annual Celebration of Learning week. Deliverables included updated webpage, logo refresh, staff communication, and coordination of speakers, video, and slides. The new format that featuring a game show and talk show were well received. Recordings are available on ICCNET.

Marketing campaigns for upcoming Landscape & Garden Day and the Agriculture, Diesel & Horticulture Showcase launched in August with mailed postcards and packages to high schools and community organizations, digital signage, emails, texts, social media, web content, and banners. Event information available aticc.edu/lawngarden and icc.edu/ag-diesel-hort.

Event planning and marketing started in August for the upcoming Dinner & Dedication of Thome Fields to honor of ICC alum and Hall of Famer Jim Thome. Working with the Educational Foundation to plan event logistics, Marketing issued a press release and created invitations, web content, social media. icc.edu/thome

Marketing has also planned the College’s annual TGIF employee celebration event for Sept. 10. Once event details were confirmed, web page was developed, designed invitations & posters were distributed to managers and employees, and written communication went out via employee notice. icc.edu/tgif
COVID communications continues with revised mask mandates and the recent vaccine mandate from the Governor. Marketing writes all internal employee and external student communication regarding these changes and pushes out via email, text, employee notices, surveys, graphics, web, signage, and social media. icc.edu/covid.

August wrapped up the summer-long WEI marketing campaign. After thorough research of the target audience, Marketing executed a 3-month campaign (radio, billboards, flyers, print ads) that boosted registration in the Workforce Equity Initiative (WEI) programs. icc.edu/wei

Food Service reopened in renamed areas “Canteen Dining Hall” and “Coffee Lounge proudly serving Starbucks”. Marketing assisted in creating menu signage and rolling out communications to staff and students. This included bulletin board flyers, emails, digital entry signs, and posters.

ADMISSIONS

The Admissions Office did not conduct events or scheduled appointments during the busy month of August as the staff monitored phone calls and assisted with the enrollment process for walk-ins. Admissions was open the two Saturdays before the start of the semester, August 7 and 14, and saw over 600 students between the two days.

Recruiters engaged with 107 walk-in appointments, 850 incoming calls, and 620 outgoing calls. The information desk took nearly 1,200 calls and returned over 450 calls to prospective families. As the primary contact for Enrollment Services and Student Success, the Admissions Office triaged almost 2,500 students in August.

MARKETING OUTREACH

Current Students

PRESS RELEASES/NEWS TOPICS/INTERVIEWS

Illinois Central College Open on Saturdays, August 7 and 14
Illinois Central College Hosts 40th Annual Landscape and Garden Day
Illinois Central College to Host Agriculture, Diesel, and Horticulture Showcase
Illinois Central College to Host Thome Fields Dedication Event with Jim Thome – PJ Star
Debunking Community College Myths – Peoria Magazines, ICCTA listserv
Workforce Equity Initiative – The Washington Post interview, publish date TBD
MEDIA EXPOSURE FOR THE MONTH

PHOTOGRAPHY / VIDEO

Photography included classroom visits to Paramedics, Solar Pipeline, Horticulture, Culinary Arts, in addition to capturing activities during Celebration of Learning, Welcome Week, general campus and students back on campus. Athletics photoshoots (headshots and team photos) were also completed for volleyball, golf, men’s and women’s soccer.

Videography included creation of Celebration of Learning recap, ICC Spotlight video, and a promo video for the Ag Diesel Hort Showcase event. Video b-roll was also captured and used on social media of Culinary Arts, Paramedics, and Welcome Week activities. Marketing also monitored the COL livestream and completed video editing for Town Hall.

SOCIAL MEDIA

Primary focus of social media content was last minute fall enrollment, Welcome Week and back-to-school student activities, the newly reopened Coffee Lounge proudly serving Starbucks, mask mandate, and ICC Bookstore.

Workforce and Diversity Division

Workforce Equity Initiative

The Greater Peoria region has a 20% gap between the number of residents with post-secondary credentials (40%) and the number needed (60%) for the region to be economically viable. ICC’s Workforce Equity Initiative addresses this gap by concentrating on the development of our area’s workforce by providing participants with a credential and an opportunity to earn a living wage. This initiative focuses on high-demand careers and targets low-income individuals, those living in high crime and high poverty areas, unemployed individuals, and minorities.

Since September 2019, this initiative has enrolled 387 participants in credit and non-credit programs resulting in 314 post-secondary certificates and credentials awarded. A total of 143 participants secured employment with an average wage of $18.13/hour. Demographic data shows that 75% of those served were African American and 63% of the participants reside in some of the most disproportionately impacted areas in the region.

In addition to state grant funding, employers have come on board to support a Workforce Equity Advanced Manufacturing program. This program began in July 2021 and provides an 8-week Readiness course for those that qualify which earns them an OSHA 10 Safety certification and upon completion of the 8-week course, students enroll in credit courses in Welding and Computer Numerical Control (CNC). At the end of the credit courses, these participants are prepared to take exams to earn industry recognized credentials relevant to their programming.

Administration & Finance

Human Resources

The Human Resource team continues to manage very well through the challenge of staff turnover and has done an exceptional job navigating through a very busy time with fewer staff. Human Resources processed a number of new hires and requisitions during July and August as we staffed up in support of the new semester. In addition, processed wage increases and distributed letters to 425 adjunct faculty and 145 full-time faculty effective August 1, 2021.

The Benefits team has been focused on processing of retirements for SURS related to employees selecting the voluntary early retirement option and assisting with the onboarding and orientation of new employees.

The Governor’s Executive Order added additional burden to the Benefits department. Tim Anderson has provided exceptional leadership in helping with the tracking and support of COVID exposures and continuing to be the liaison with the local Health Officials and support to the Reopening Team that meets on a weekly basis.
Childcare Update

General
- Marketing materials have been developed and communication regarding the onsite center, voucher program, and enhanced referrals has been sent to students who were enrolled in summer, students enrolled for fall, and prospective students.
- Childcare Student Services Specialist position was posted and closed on August 1. This was a failed search, and the position was re-posted and closed on September 2. There are 12 applicants that are currently going through the screening process.

Center Re-Opening
- The center officially opened on August 2. Current enrollment is 28 children with a breakdown below.
  - 13 children of students (10 full-time, 3 drop-in)
  - 10 children of faculty & staff (8 full-time, 2 drop-in)
  - 5 public children
- Enrollment has been opened up to all public families who expressed interest in the center. There are 4 that currently have enrollment paperwork to be returned.

Voucher Program
- Voucher Program has been approved with funding up to $100 / credit per semester with a max of $1,000 for the semester.
- There have been 22 students that have applied to the voucher program as of September 7. Outreach has occurred to all of these students to discuss next steps, depending on where they are in the process of securing childcare for their child(ren).
- Of the 22 students who have applied, 9 are going through the process of applying for CCAP and payments will be processed once documentation is received. Thirteen students have been contacted 3 times with no response.

Enhanced Referral Services
- CCC provides reports to ICC on a monthly basis including number of referrals by zip code, how many were assisted by CCC in locating care, and CCAP funding data (including number that applied for funding, how many were approved, and how many were denied, along with reasons). There have been 4 Enhanced Referrals for the first two months of the fiscal year.
- CCC has developed an Enhanced Referral packet for any student, faculty, or staff that is referred to them or comes to them seeking assistance.
- Child Care Connection is willing to train ICC staff to be able to assist student parents in completing CCAP application.
- CCC has offered to participate in any student/faculty/staff meetings to share information regarding Enhanced Referral services to increase awareness and usage of the services.
Student Outreach

June
- Contacted the students who indicated they had needs for childcare assistance in some capacity on the Spring 2021 survey. Emails were sent to both lab.icc.edu and personal emails if listed.
- There were 260 total contacts made. Emails were sent to 181 students, and phone calls were made to 79 students (voicemails left if no answer).
- The results were conversations with 69 students during the month.

July
- Followed-up with the 191 students that had not responded to June outreach via emails and phone calls.
- Sent Voucher Program, Enhanced Referral, and ICC Children’s Center information to these students.
- Very few of these students (10) responded to emails or answered/returned phone calls.
- Information was sent to those who indicated that they needed referrals or information regarding the voucher program (37 students). (See Voucher Program above for additional details.)

August
- Sent information on voucher program, enhanced referrals, and ICC Children’s center to all students who had indicated they needed assistance but had not responded to previous outreach (181 students). This outreach was in addition to the Marketing outreach that went to all students.

Feedback
- Many students stated they are waiting to decide on classes because they want to see who the instructors will be to choose which classes they want. I encouraged them to sign up for a section as instructors may not be assigned until classes are full, and some classes may be cancelled if there are not enough students enrolled.
- Many students have more than one child, one of which we are not able to take because they are not two years of age. These students were sent information about the Enhanced Referrals. I offered to send information about enrolling their two-five-year-old, but they prefer one location for their children.
- A few students preferred to have their children closer to home for transportation reasons. I sent these students information regarding the Enhanced Referrals.
- One student requested evening care for his school age children one night a week. I offered him the Enhanced Referral information.

Food Services Update

Canteen Partnership
- Canteen is fully open at the East Peoria Dining Hall, East Peoria Coffee Lounge (serving Starbucks), and Peoria Dining Hall.
- Canteen and ICC have worked together to update ICC’s website with hours of operation, menu, etc. Additional entrée menu items will be added to the website as fill rates from suppliers improve and become more stable.
• Canteen and ICC have developed a communication plan to market Canteen services (online and signage).
• All of Canteen’s employees hired (excluding management staff) are former ICC Food Services staff. Staff have communicated how happy they are to be back and happy to be with Canteen.
• Canteen is finalizing mobile ordering and working toward implementing drop zones.

**Facilities**

As noted, and summarized in the table below, Facilities has several projects in various phases of development.

- **Workforce Sustainability Center CDB/EDA Project**: Award Bid – Construction – DKA Engineering/PJ Hoerr Construction. The project bids came in approximately $2 million over the AE estimate and the College has requested additional funding from EDA. If adequate funding is not available, the College will look for support from the CDB and then determine if funds are available from college resources.
- **Nature Court Bridge Rehabilitation**: CDB Project. Construction – Knapp Construction.
- **Edwards/Student Center Renovation CDB Project**: Preliminary Design discussions scheduled for September – DKA Engineering.
- **New Pedestrian Walk Over Bridge**: East Peoria – Design complete - MWEA Engineering.
- **EDA Grant - Workforce Upgrades**: Awaiting Approval from EDA.
- **AG/Storage Shed**: Design – completed design and site location. Waiting on Federal funding - DKA Engineering.
- **Pond Restoration/Reclamation**: Design - Terra Engineering. Design complete waiting for status of federal consortium funding. Additional funding will come from the Barton gift.
- **Collaboration Classrooms/Group Study Room Upgrade**: East Peoria - Design discussions occurring in September – DKA.

**CARES ACT Funded Facilities Enhancements**

**Rest Room Upgrades**
- Touch Free Paper Towel Dispensers
- Touch Free Soap Dispensers
- Touch Free Faucets
- Touch Free Flush Valves
- Entrance Doors – Foot Pulls – Hands Free
- Install Wave Technology Door Opening on Handicap Doors
Building Upgrades
- Installed Air Ionization Systems on Air Handlers – Academic Bldg. EP and Arbor Dental, Cedar & Birch Bldgs.
- Installed enhanced air filters on HVAC systems
- Install Wave Technology Door Opening on Handicap Doors
- Installed Hand Sanitizer Stations all campuses

IT/Technology Services

The IT team continues to manage and support a number of key projects and processes and has been essential in assisting with developing and identifying processes to support the current Governor’s Executive Order requiring a system for tracking vaccinations and testing.

A number of additional initiatives are ongoing and noted below:

- Developing a multi-year timeframe for an ERP evaluation, selection, and implementation plan.
- Initiating project to replace aging DB2 database with Oracle and moving ERP system to the Oracle cloud.
- Continuing implementation of new Coursedog system, on track for a January 31, 2022, completion.
- Continuing implementation of new Degree Planner system, on track for an October 1, 2021, completion.
- Created 746 new online forms for Financial Aid department, and since start of Fall semester 1,278 Bookstore charge requests (generated from online forms).
- Restoring classroom and conference room A/V capabilities to accommodate on-campus return of students and faculty.
- Reviewing current wireless infrastructure to target gaps and weak reception areas around campus.
- In process of revamping IT Helpdesk to a full-service Service Desk by creating approachable desk presence in E. Peoria and Peoria campus Libraries.

Foundation

The ICC Alumni Association is pleased to announce the 2021 recipients of the Distinguished Alumnus and Alumnus of the Last Decade awards. These awards will be presented on Thursday, October 28th at the Foundation’s annual Community Celebration event hosted at the Peoria Civic Center Ballroom.

The honor of Distinguished Alumnus will be presented to Sean Arians. Sean has exemplified great success in his field of agriculture. He has proven his commitment to our community, as he continuously provides humanitarian service and demonstrates interest and support of education and the College. Sean has served as a past member of the ICC Agriculture Program’s advisory committee. In addition, he actively works in bringing agriculture education to students in the public-school systems.
The Alumnus of the Last Decade award will be presented to Brent Baker. Brent is an employee of Natural Fiber Welding where he leads efforts to increase new business development. Brent has demonstrated a desire and dedication for education through his work with the Greater Peoria Economic Development Council where he connected school districts, colleges, and social service organizations with regional employers to ensure the availability of a talented workforce. Congratulations to Sean Arians and Brent Baker.

During these unprecedented times, the ICC Educational Foundation Board, and staff desire to encourage and celebrate our scholarship recipients. Foundation staff members kicked off the 2021-2022 academic year by delivering yard signs to recognize these students and their dedication in meeting their higher education goals. If you know a student who could benefit from an ICC Educational Foundation Scholarship, please encourage them to apply for remaining 2021-2022 awards at www.icc.edu/remaining-scholarships.

Save the Dates:

The ICC Educational Foundation Board of Directors and Board of Trustees annual reception is scheduled for Wednesday, September 15, 2021, following the Educational Foundation’s September board meeting. Dr. Quirk-Bailey will host this year’s event at her residence. Electronic invitations were mailed in August. Board of Trustees can submit their reservations online at http://evite.me/dFyFey13E.

The ICC Educational Foundation special events committee and staff would like to invite you to the Thome Dinner & Dedication on Wednesday, September 22, 2021, at 5:00 pm. Guests will enjoy a dinner, program with Jim Thome, dedication, and ICC men’s baseball scrimmage. Tickets and sponsorships are available at icc.edu/thome. Invitations were mailed in August.

Join the ICC Educational Foundation in recognizing those donors who have generously pledged their support to the Workforce Sustainability Center. A ground-breaking ceremony will be hosted on the East Peoria Campus on October 7, 2021, at 9:00 am. Invitations will be sent in September.

Mark your calendars for the 2021 Community Celebration on Thursday, October 28. Join us for a celebration of all the ICC Educational Foundation scholarship recipients and those who invest in their futures. Contact the Foundation offices for more information at foundation@icc.edu. Invitations will be mailed in September.
