

IS A CHROMEBOOK FOR YOU?

Chromebooks are relatively inexpensive laptops powered by Google's light-weight and low-maintenance operating system, ChromeOS.

Join TLC staff as we explore how Chromebooks work and share our own experiences using them. We'll compare and contrast our preferences among our laptops, iPads, and Chromebooks.

Attend this session and participate in the discussion to help determine if a Chromebook might be for you.

SESSIONS: WEDNESDAY, SEPTEMBER 23— 2 PM

FRIDAY, SEPTEMBER 25— 9 AM
*sessions will be held in the TLC, 240A,
and will last 45-60 minutes*
