***This training series is designed for both full-time and adjunct faculty - both novice and experienced users can benefit from the series.***

Attendees are welcome to spend time between sessions working in the TLC on the skills learned during each session. Feel free to sign up for whichever topics interest you or to mix & match series sessions if you are unable to attend all four from the same series. **Parts 2, 3, & 4 will involve hands-on activities applying many of the basic Blackboard tools within your own courses. Be sure to bring questions and ideas, and be prepared to work!**
