**INTERNAL LINKS:** Users who are already signed in to Blackboard will be taken directly to these internal links (you will otherwise be prompted to sign in to Blackboard after clicking on the link).

- [Blackboard Training](#) – this training is organized into folders, by primary topic
- [Faculty Resources](#) – items that should not be shared publicly on the web will be housed internally on the Faculty Resources tab (available in the top banner of Blackboard)

Please ensure you are using either the Google Chrome or Mozilla Firefox browser for all Blackboard activities!  
Don't have either of these installed? Download for free at [getfirefox.com](http://getfirefox.com) or [google.com/chrome/](http://google.com/chrome/)

Additionally, Blackboard is NOT mobile compatible. Both instructors and students should always use a desktop or laptop computer when working in Blackboard.
