

Articulation Agreement
 Between
Eastern Illinois University
 And
Illinois Central College

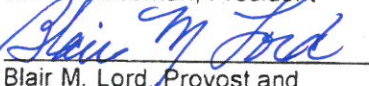

Illinois Central College (ICC) and the Board of Trustees of Eastern Illinois University (EIU) form a cooperative relationship through this articulation agreement to serve better our public constituents, to smooth transfer, to minimize duplication of instruction, and to build on community college and university learning experiences. Both institutions recognize that working together, their collective efforts are stronger than their individual efforts.

The two institutions agree to the following:

1. Any student who has completed a transferable associate in arts, associate in science or associate in science and arts degree at ICC consistent with the Illinois Articulation Initiative (with the required 2.00 GPA) and submits required application and supporting documentation will automatically be admitted to EIU at the junior level and will be deemed to have met EIU's lower division general education requirement.
2. Acceptance into a specific EIU program is based on the individual transferring student meeting the conditions and considerations listed for that program. Specifically, students completing the **Nursing AAS (ADN)** program at ICC will be admitted to the baccalaureate **Nursing BS** program at EIU upon completion of program admission requirements.
3. The courses listed in the attached prescribed ICC Nursing AAS transfer guide have been reviewed and accepted for transfer to EIU.
4. Relationships between ICC and EIU faculty and administration are in the spirit of cooperation and provide the basis for this agreement.
5. Representatives of both institutions agree to meet on a regular basis to assess curricular changes and other conditions that may affect the nature of this agreement.
6. This agreement does not preclude either institution from making curriculum changes as it may solely deem appropriate in which case appropriate prior notice will be given to the operative academic personnel at the cooperating institution.
7. Appropriate publications and promotional materials regarding this agreement will be made available to all ICC students.
8. Either EIU or ICC may dissolve this agreement by giving one year's advance notice to the cooperating institution's president or academic vice president.
9. This agreement is effective with the 2015-2016 academic year and is subject to renewal every five years.

Guidelines:

- Nursing electives will be transferred from associate degree or diploma programs counting towards the BS in Nursing.
- Nursing courses are flexible and may be taken in any sequence, except Nur 4604, which must be taken as the last nursing class. All other nursing courses must be taken prior to or concurrent with Nur 4604.
- Apply to EIU RN to BS program the semester prior to anticipated enrollment.
- Students must submit three papers to the Electronic Writing Portfolio. Submissions may come from any EIU writing-centered or writing- intensive courses.
- Electives are chosen in consultation with Eastern Illinois University faculty advisor.
- Students must have 40 hours of Upper Division (3000 or above) credit.
- MAT 2250G equivalent (statistics) may be taken at a community college.
- Students must have 42 hours earned from a 4-year institution, and 25 hours earned at Eastern Illinois University to graduate.
- The option of 56 hours, with a GPA above 3.6 qualifies the student to graduate with distinction.
- Must have a grade of "C" or better in all courses.
- Nur 3103 is offered every semester Fall/Spring.
- General Education Classes, EIU Senior Seminar Classes are offered all semesters.
- Achievement of accumulative GPA of 2.5 or higher is required to enroll in EIU BS in Nursing courses (NUR prefix.)
