

An Articulation Agreement
 Between
The Board of Trustees of Illinois State University
 and
Illinois Central College

Illinois Central College (ICC) and The Board of Trustees of Illinois State University (ISU) hereby form a cooperative relationship through this articulation agreement to serve better our public constituents, to smooth transfer, to minimize duplication of instruction, and to build on community college and university learning experiences. Both institutions recognize that working together, their collective efforts are stronger than their individual efforts.

The two institutions agree to the following:

1. Any student who successfully completes the A.A.S. in Graphic Communications program at ICC and meets all general ISU and program admission criteria will be admitted to ISU at the junior level.
2. Acceptance into a specific ISU program is based on each individual transfer student meeting the conditions and considerations listed for that program. Specifically, students successfully completing an A.A.S. in Graphic Communications at ICC, prescribed in the attached transfer Guide, will be admitted to the Baccalaureate Graphic Communications program at ISU subject to available capacity in the major.
3. The courses listed in the attached Transfer Guide that prescribes ICC Graphic Communications and Bridge Courses have been reviewed and accepted for transfer to ISU as part of the B.S. in Graphic Communications program.
4. Relationships between ICC and ISU faculty and administration are in the spirit of cooperation, and provide the basis of this agreement.
5. Representatives of both institutions agree to meet on a regular basis to assess curricular changes and other conditions that may affect the nature of the agreement.
6. This agreement does not preclude either institution from making curriculum changes as it may solely deem appropriate in which case appropriate notice will be given to the operative academic personnel at the cooperating institution.
7. Appropriate publications and promotional materials regarding this agreement will be made available to all ICC students with interest.
8. Either ISU or ICC may terminate this agreement by giving one year's advance notice to the cooperating institution's president or academic vice president.
9. This agreement is effective with the 2015 - 2016 academic year and is subject to renewal biannually for a total period not to exceed ten (10) years.
