Using the IRS Data Retrieval Tool

The IRS Data Retrieval Tool automatically pulls your tax information from the IRS into your FAFSA. We highly recommend using the tool for a smoother financial aid process.

**Why should you use the tool?**

- Guarantees that the most accurate tax information is submitted.
- Reduces the chance of being asked to complete the verification process.
- If you are selected for verification, it's the easiest way to complete any "Tax Transcript" task.

**Who can’t use the tool?**

- if you are married, but filed as 'single' or 'married-filing separately' for the requested tax year
- if you filed too recently (within 3 weeks of attempting to use the tool)
- if you filed a Puerto Rican or foreign tax return
