Arts and Behavioral Sciences

Harbinger Student Media

Members of the Harbinger Student Media staff along with two of their faculty advisors attended the Illinois Community College Journalism Association (ICCJA) conference on April 8.

ICC student Stephanie Bridgeman-McClaskey won first place for her podcast. We were thrilled to win anything but to win first in any category was a great honor. The students compete against community colleges across the state.

ICC Hard Bop Jazz

On April 1 the ICC Hard Bop Jazz directed by Larry Harms performed at the East Peoria Junior High Jazz Café. The event is a fundraiser for the music department at East Peoria Junior High School. The band was enthusiastically received. This is the twentieth year of Hard Bop playing for this annual event. Professor Tony Jones conducted the band.

Spring Concerts

The Music department had a flurry of spring concerts the last two weeks:

- Guitar Ensemble Spring Concert – Lecture Recital Hall, April 25
- Hard Bop Jazz Performance – Lecture Recital Hall, April 26
- Vocal Jazz Ensemble – Performing Arts Center Mainstage, April 28
- Student voice recital – Lecture Recital Hall, April 29
- Philharmonic Chorale in Residence group performance – Performing Arts Center Mainstage, May 1
- Concert Band Spring Performance – Performing Arts Center Mainstage, May 4

Sophomore Graphic Design and Multimedia Show

On Wednesday, April 27th we held our 12th annual Sophomore Graphic Design and Multimedia show in the AIT building. There was a total of 19 students completing their capstone course by exhibiting their portfolios and demo reels at this event. We had 283 visitors at this event made up of friends and families of the participating students along with professors from our transfer institutions, the local design community, several design agencies and employers, former students, and ICC faculty and staff.

Their capstone event is the final step in our program, and a way to celebrate student success and completion. It is a fantastic way to send off our students in a celebratory way as they continue their journey to whatever is next for them. We have seven students from this class transferring to ISU, two to Bradley, one going to NIU, and several currently making their final decisions on their selected transfer institution in the next couple of weeks.

Business, Legal, and Information Systems

Criminal Justice Dual Credit

Doug Heuermann, Criminal Justice Programs, and BLIS Dean Michelle Weghorst hosted a visit to ICC for Professor Lisa Snow and her dual credit criminal justice students from Woodruff. They took a tour and spoke to a variety of folks, including Doug Heuerman, Professor Tom Higgins, and Dean Weghorst. Dr. Oriana Gilson also a dual credit instructor, visited with the cohort of students. Below is a summary of what these students are doing during their dual credit classes at Woodruff. We are so excited about this work the students are doing in their classroom and their community, as well as the success they are making.

The 2022 graduating class of Peoria Public School students enrolled in Woodruff Career and Technical Center's (WCTC) Criminal Justice dual credit cohort is comprised of five seniors from both Peoria Central and Richwoods High Schools. As part of the Criminal Justice program, these students have been working on a yearlong, two-part community service project aimed at strengthening students' communication skills and sense of community duty as well as clearly connecting the importance of empathy and compassion to their future careers working within the criminal justice system.

The first part of their community service project is the Woodruff Buddies Program that partners WCTC criminal justice seniors with a second-grade classroom at Lincoln Primary School. In their role as mentors, each WCTC student works with the same small group of second graders each week. They read books, practice spelling words, play games, and talk about school and life in Peoria.

For the second part of their community service project, students are authoring and illustrating a chapter book titled *Legend for My Brother*. Written by Peoria kids for Peoria kids, the published text will be distributed to families of Peoria homicide victims by representatives from the Peoria Community Against Violence and OSF Strive. The chapter book will also be the centerpiece for students' community service entry at this year's Skills USA competition which is being held in Peoria.

In the fall of 2022, all five seniors plan to continue their criminal justice studies at post-secondary institutions, with two attending ICC as criminal justice majors.

Math, Science, and Engineering

Geology Student Field Experiences

Professor Cheryl Resnick's students were excited to participate in field experiences this semester for the EASC 116 – Introduction to Geology course. They explored local parks, such as Spring Creek Preserve in East Peoria, and Rocky Glen Park in West Peoria, as well as an all-day field trip to state parks in the LaSalle, Illinois area. Prof. Ed Stermer demonstrated the rock saw used to cut some of the rocks they collected in half for identification purposes. Students also visited the Augustana College geology department

where faculty and students showcased research being conducted by students. The highlight for many of the students from their visit to Augustana College was touching a 75-million-year-old dinosaur bone and seeing the bone histology in cross-section, having learned about bone histology from a podcast assignment earlier in the semester. Experiential, or hands-on, learning is essential for students to make connections between what they're learning in the classroom and applying it to the world they live in. Thank you to the ICC Board of Trustees for their continued support of our field trips.

Student Success

Athletics:

Head Baseball Coach Brett Kelley won his 500th game with ICC on Saturday April 23rd against Vincennes University with a 9-1 victory. Baseball will be completing their regular season next week and begin the Region 24 Tournament on Wednesday May 18th at the Corn Crib Stadium in Normal, IL.

Softball has earned the #4 seed in the Region 24. Region 24 Final Four will be held on Saturday May 7th & Sunday May 8th at the site of the highest remaining seeded team.

The Golf team completed their Spring season by hosting the Lick Creek Challenge at Lick Creek Golf Course in Pekin, IL. The Region Tournament will be held on Tuesday May 3rd & Wednesday May 4th at the Dalhousie Country Club in Cape Girardeau, MO. The top team and individual finishers will advance onto the NJCAA National Golf Tournament beginning May

Access Services:

The Access Services Department at ICC is updating documentation guidelines and testing new software and adaptive equipment. The goal is to enhance the student's application process experience by creating a more cohesive procedure and to also provide a wider variety of accommodation options that fit the student's needs. The department will be looking to make the final implementation of these changes for the Fall 2022 semester.

Student Financial Services:

Student Financial Services closed out Year 2 reporting for HEERF disbursements made during calendar year 2021:

- Over \$8M was given in some way to students during the calendar year
- Awarded \$6,937,750 from Student Portion to 7,997 distinct students
- Awarded \$1,096,391 from Institution Portion to 1,520 distinct students (write off of old balances)

Student Life

Student Life is ecstatic by the hard work of the students' to finish the semester strong and host numerous events.

April 25: PTK (Phi Theta Kappa) members visited Illinois Valley Central High School to collect data for their organization's "College Project."

April 27: Student Life hosted the "Student Leadership Awards" program where students were recognized for their accomplishments throughout the semester and by participating in the Writing Contest. The following students were awarded:

- Creative Writing: 3rd place – Abigail Gillies, 2nd place – Makayla Palm, 1st place – Adia Jordan
- Poetry: 3rd place – Taegan Knetzer, 2nd place – Robert Gailliaert Jr., 1st place – Teagan Osborn
- Research Writing: 3rd place – Taegan Knetzer, 2nd place – Grace Walenta, 1st place – Robert Gailliaert Jr.
- Paul Simon Award: 1st place – Victoria Wiggin
- Outstanding First Year Member: Cassie Keller
- Officer of the Year: Raena Holloway, Phi Beta Lambda & Sigma Kappa Delta
- Student Organization of the Year: Phi Beta Lambda
- Student of the Year: Raena Holloway
- Advisor of the Year: Jennifer Spengler

April 29: SGA (Student Government Association) hosted a carnival for students including free games, popcorn, snow cones, and cotton candy.

May 5: SGA (Student Government Association) held a teambuilding activity at Gone in 60 Seconds where the outgoing and incoming members worked together to escape a room and almost succeeded.

May 5: Campus Housing and Student Life hosted an Open Mic night called "Unsound Musec" where students could perform their talents on the spot.

May 2 – 6: Student Life organized DeStress week with activities each day for students to enjoy before finals week. This week was filled with games, relaxing, and food including a balloon artist, massage chairs, oxygen bar and tacos on Cinco de Mayo.

May 6: PTK (Phi Theta Kappa) members visited Pekin Community High School to survey students for the "College Project." In total, 373 responses were collected.

May 10: Campus Housing and Student hosted an Ultimate Study Break End-of-Year cookout where students enjoyed games, food, and giveaways.

Workforce & Diversity

Workforce Department:

ICC Career Services, in conjunction with Health Careers and AIT, hosted three on campus job fairs in April.

The first event was held at our Pekin campus with the WEI Advanced Manufacturing Welding students. The job fair was held on April 7. Four local employers, JT Fennell, Morton Industries, Case IH, and MATCOR delivered presentations to all the students in the class about their company and their welding positions. Following the presentations, each student met with the employers for individual discussions and resume review. As a result, seven of the eleven students were invited for further interviews and weld tests at the work sites.

The Health Careers Job Fair was held on April 13 in Cedar Hall on the Peoria Campus. Twenty employers attended the event including OSF Healthcare, Unity Point Health, University of Illinois College of Medicine Peoria, Hopedale Medical Complex. Employers were excited to be able to come back to campus and speak to job applicants in person. Approximately 30 ICC students and community members spoke with employers about positions in nursing, nurse assisting, home health, and other health care fields.

On April 20, a Manufacturing Job Fair was held in the AIT building. Twenty-four employers attended including Caterpillar, Bayer Crop Science, Case IH, Morton Industries, and Natural Fiber Welding. A steady stream of over 50 students from ICC and the Woodruff CTE center, along with community job seekers attended the fair and learned about openings in fields like industrial maintenance, welding, CNC machinist, and fabrication.

Career Services gathered participant information and are following up to provide additional support in resumes, job application, and interviewing to help prepare attendees to compete for these positions.

ICC's Workforce Equity Initiative Presents at the Achieving the Dream PACCE Webinar

Achieving the Dream (AtD) invited ICC's WEI program to present on the topic of "Adult Learner Enrollment and Outreach." The presentation was held on April 26, 2022 via webinar AtD's initiative to Prioritize Adult Community College Enrollment (PACCE). The PACCE initiative is designed to identify and scale promising strategies for increasing the enrollment and reenrollment of adult students — particularly Black and Latinx students — in high-quality credit and/or non-credit programs. ICC's Workforce Equity Initiative was selected to present due to its ongoing success in exceeding grant objectives and its focus on underserved populations. Presenters included President Sheila Quirk-Bailey, Vice President Arnitria Shaw, Executive Director Paula Nachtrieb, and Workforce Manager Michelle Devore. Post-webinar feedback from AtD included, "The presentation was excellent and I appreciate how you adjusted to meet the specific goals and interests of the PACCE group! The attendees certainly appreciated it too, as evidenced by the number of questions we received!"

More information on the AtD PACCE initiative can be found at:

<https://www.achievingthedream.org/resources/initiatives/prioritizing-adult-community-college-enrollment>

ICC Hosts the Inaugural Illinois Education and Career Network Regional Meeting

ICC hosted and participated in the inaugural Illinois Education and Career Network (*formerly known as 60x25*) Regional Meeting on April 28, 2022. In partnership with GPEDC, GPEAK, and Peoria Public Schools, updates were provided on the progress being made in the Greater Peoria Region. The meeting included representatives from grades k-16 and examined the successes and areas for growth in the region. Presenters included Kari Rauh (GPEDC), Dr. Susan Grzanich (PPS), Arnitria Shaw (ICC/College and Career Readiness) and Dawn Koeltzow (ICC/GPEAK). Topics covered included CareerSpark, Transitional Math and English, Career Pathways, and the Greater Peoria Essential Abilities and Knowledge (GPEAK). The meeting concluded with Community Team Time that allowed for the start of local Action Plan Templates to address Covid-era challenges related to education and employment engagement. To learn more about the Illinois Education and Career Success Network, please visit: <https://ilsuccessnetwork.org/>

Illinois Central College Offering "Smart Start" & "ReStart" College Success Programs This Summer

Illinois Central College will offer "Smart Start" and "ReStart" college success programs this summer to support individuals in their transition to or transition back into college. Students are not required to enroll at ICC this fall in order to participate.

"**Smart Start**" is a three-week program designed to help high school seniors in their transition from high school to college. Students will practice math, English, and college success strategies in a college atmosphere. Each session includes a variety of activities to help students develop the range of skills needed to become successful college students. These activities will help students build academic skills and social connections, develop their awareness and understanding of a variety of campus resources, and encourage them to develop a strong

support system including fellow students and college personnel. Information regarding Smart Start has been shared with regional high schools regularly since Fall 2022 to encourage early enrollment. The cost of the program is \$199 with financial support and scholarships available.

Sessions will be held Monday through Friday on the East Peoria Campus or Peoria Campus and include the following date and time options: June 13-July 1 from 9 am-Noon, June 13-July 1 from 1-4 pm, July 11-July 29 from 9 am-Noon, or July 11-July 29 from 1-4 pm

“**ReStart**” is a free 4-week program designed to help those who have been out of high school for three or more years and have tried college previously. Individuals will refresh and upgrade their math, English, reading, and study skills. Small cohorts with dedicated mentors will help individuals develop college success strategies to prepare them for transitioning back into college. Each session contains activities to help individuals gain confidence and succeed in college, refresh and upgrade their academic skills, secure acceptance into an academic program, and gain awareness of college resources and support.

Sessions will be each Tuesday and Thursday on the Peoria Campus and include the following dates and times: July 5-28 from 5:30-8:30 pm.

Early registration is encouraged for both programs as enrollment is limited. “Smart Start” registration is available through June 1 at icc.edu/SmartStart. “ReStart” registration is available through June 17 at icc.edu/ReStart. For questions, please contact SmartStart@icc.edu.

Corporate & Community Education is experiencing some exciting increases in enrollments!

The Community Health Worker program is a collaboration between ICC and OSF through a grant received by OSF to develop and deliver non-credit CHW training based on criteria that had been developed at the state level. Community health workers (CHW’s) help individuals, families, and communities enhance their health, access services, and to improve the conditions for health, especially in low-income communities. CHW’s are typically from the communities they serve and so have a unique knowledge on the culture and linguistically appropriate services. CHW’s learn how to provide a wide range of services, such as outreach, home visits, health education, and client-centered counseling and care management. The first cohort of 20 was delivered online in March to OSF employees and employees of other Federally Qualified Healthcare agencies in the state. The next two cohorts will also be filled by OSF employees before we begin to market more widely to other community-based organizations.

The cannabis dispensary operations training begins in June. Within three weeks of open registration, the first cohort of 24 was full with another 17 students enrolled in the fall session. This training is unique to other cannabis training programs around the state as it looks not only at dispensary operations but also incorporates GPEAK employability skills mentoring as part of the program. Through a gift from Trinity Compassionate Care, ICC is able to provide this training at no cost to students. This training program could be beneficial to students by leading them into business or horticulture programs at ICC to further their education and increase their marketability within the industry.

May 19, 2022

Marketing

Marketing organized activities to celebrate **Community College Month** in April. A “What Makes ICC Special?” video was created and shared during an All-College Update as well as on social media. Proclamations were organized with Peoria and East Peoria city governments. Post-it display walls were created at both Peoria and East Peoria campus for employees/students to add their comments. Professional headshot photoshoots were offered for all employees. Other deliverables included: posters, press release, emails, and social media on both the ICC and state ICCB accounts. Marketing supported the **ICC Open House** with event promotion including targeted emails, press release, posters, postcard mailer, digital signage and ads, targeted emails, and social media.

Summer & Fall Registration opened on April 4 and Marketing switched all communication to encourage students to “Register Now” including on-campus posters, digital signage, email communications, postcard mailer, and social media.

Marketing/Events supported the **Employee Recognition Ceremony** with event staff, invitations, communications, and a refreshed program design.

Hallway Career Posters were completed for Health Careers and Culinary programs to give a fresh look to the walls in time for the Simply Divine event. New ‘snap frames’ were installed on walls to allow more flexibility to update these posters with current economic statistics. Posters for other programs will follow this summer.

Marketing provided design, communication, and event support for the Foundation’s annual **Simply Divine**, including production of formal invitations with RSVP and inserts, package mailing, donation cards, table numbers and menu cards, and signage.

Commencement planning and production were in full swing during April with lots of communications to graduates and the ICC community. Beyond event logistics and recruiting volunteers, digital and printed materials such as the program, graduate toolkit, and signage were also worked on by Marketing.

Marketing finalized several **WEI videos**, one program overview and three individual success stories. A new ICC WEI brochure was created in addition to the video, to better showcase the ICC WEI program on a national level. An updated brochure for the statewide program was also completed.

Marketing continues work on the **web redesign** team writing content and photo collection.

Student Life projects, completed by Marketing student designers, this month included: Student Life Leadership Awards, SGA Carnival, Agri-Business Club Pork Chop Cookout, Sigma Kappa Delta Poetry Slam, and the Dodgeball Tournament.

Other projects completed in April included: revamped flyer for Campus Housing; event promotion for remaining Spring Campus Visit Days, Vocal Jazz Concert, Blood Drive, IL Poet Laureate and Student Life events; ICC Jobs, College for Kids and CCE class promotion; Educational Foundation quarterly e-newsletter; second wave of Scholarship communication; Success Luncheon materials; ICC Manufacturing and Health Careers Job Fairs; monthly High School Counselor and CBO e-newsletters; and numerous directional signage for on-campus events.

APRIL 2022 ADMISSIONS REPORT

The Admissions Office held the ICC Open house at the month's beginning. We had 142 students attend and 310 people overall. In 2019 the last time we held this event, we had 254 people. We also had a two-day Health Careers Expo and 140 students attended from twenty-one high schools and an Admissions Visit day with 28 families. Then we finished the month with an Admissions Campus visit program with 28 families in attendance. We also completed the Success Luncheon series with Peoria Public Schools, with 115 students in attendance. Off-Campus, the office conducted 22 visits to area high schools four College fairs and met with over 110 students.

System-wise, we programmed all the Admissions summer events (Summer Campus Visit Days, Ready to Work, Coffee Meet-ups, and Rapid Enrollment Days). We also implemented several communication strategies for Success Luncheons, Visit Days, and Enrollment Services. We continue to review our data structure with Target X. Finally, we engaged with nearly 1100 incoming and outgoing phone calls.

Finally, at the end of the month, the Admissions Representatives and the Director of Admissions attended the Illinois Association of College Admissions Counselors (IACAC) in Itasca, Illinois. The conference had over 650 people attending and was the first in-person professional development since 2019.

Administration & Finance

Audit Update

The College has recently received the final pieces of our 2020-2021 audit. On March 25, 2022, CliftonLarsonAllen LLP issued an unqualified opinion on the Certification of Chargeback Reimbursement and Schedule of Enrollment Data for the Year Ended June 30, 2021. No findings or issues were noted. The delay in the issuance of these reports was caused by a delay in reporting from the Illinois Community College Board caused by a system issue at their organization.

In addition, the College received on May 1, 2022 from CliftonLarsonAllen LLP unqualified opinions our Consolidated Year-End Financial Report and our Single Audit Report. No findings or issues were noted on the Consolidated Year-End Financial Report; however, a Significant Deficiency in Internal Control over Compliance was reported in the audit. A Significant Deficiency is the lowest level of finding that an organization can have. The finding was a result of the College posting quarterly reports after the required deadline on our website. The auditors did not find any issues with the disbursement of \$13,152,024 in Higher Education Emergency Relief Funds (HEERF) during their audit. There were no questions costs or return of funds required as a result of this matter. The College agrees with the finding and procedures have been put in place to meet all future reporting deadlines.

This completes the audit process for 2020-2021. The college is currently starting the planning process for the 2021-2022 audit.

IT / Technology Services

Huron Consulting is nearing the end of their ERP Business Process Review after interviewing over 100 ICC staff. Their ERP-related recommendations and findings will be presented to the newly-formed ERP Steering Committee for review and consideration.

The new ICC “Hub” (hub.icc.edu) was launched in May. This evolving internal website has been developed in conjunction with the upcoming new ICC external website. In addition to new service-related information, it houses portions of information formerly housed on the icc.edu website for students, ICC staff, and the general public. The site is built using Team Dynamix software and will enable a more service-oriented strategy supported by a more easily navigated knowledgebase structure.

Human Resources

Employee Recognition Ceremony

In case you missed the Employee Recognition Ceremony held on April 22nd, the recording is available on [ICCnet](https://youtu.be/VGcPkHzErGs) at: <https://youtu.be/VGcPkHzErGs>.

Congratulations to this year's winners:

The Faculty Who Make a Difference Award

- Kelly Funke – Associate Professor in Arts & Behavioral Sciences
- Troy Halvorsen – Professor in Math, Science & Engineering
- Thomas Herrmann – Adjunct Faculty in Math, Science & Engineering
- Thomas Higgins – Professor in Business, Legal & Information Systems
- Betsy Hipple – Instructor in Health Careers
- Kim Vietti – Professor in Math, Science & Engineering

The Staff Who Make a Difference Award

- Trisha Alexander – Lead Student Success Advisor of Advisement & Counseling Services
- Tim Anderson – Manager: Risk Safety & Benefits for Human Resources
- Bryan Clark – Librarian in Learning Resources
- Stephanie Farquer – Lead Coordinator: Events & Marketing in Marketing
- Martha Gamble – Tutor in the Learning Labs
- Dawn Gries – Guest Experience Specialist in Admissions
- Georgina Munoz – General Housekeeper in Custodial Services

The Teaching Excellence Award

- Lari LaBello – Adjunct Faculty and Nursing Assistant Program Coordinator in Health Careers

The Gallion Award

- Melissa Grunow – Associate Professor in Humanities

The Faculty Diversity Award

- Margot Vance – Professor in Humanities

The Staff Diversity Award

- Dr. Lonetta Oliver – Dean of Humanities

SURS Audit Completed in April

The Benefits area in Human Resources worked in conjunction with Payroll to complete one of several SURS audits requested this year. The audit involved verification of multiple forms of data for more than 2,200 records and was due April 30, 2022.

Facilities

Facilities has several projects that we are working on that are in different phases of development and construction.

- **Renovate Courtyard** - CDB Project - In Design – Terra Engineering – Design Options presented - Terra has put together a new design & budget plan based on our recommendation.
- **Replacement of Architectural Panels Edwards & Walk over Bridge** - CDB Project – Construction – IDG A&E - CAD Construction – Panels have been delivered installation to begin this week. Wind and rain have held up the project.
- **Edwards/Student Center Renovation** - CDB Project – Bailey-Edwards Design – Progressing with meetings regarding design, layout and features with stakeholders and departments.
- **Workforce Sustainability Center** - CDB/EDA Project – DKA Engineering - PJ Hoerr Construction - Project has started – In Construction.
- **EDA Grant - Workforce Upgrades** – Received Approval of Grant - College accepted the grant and we have scheduled a Post Award meeting with the EDA to go over next steps.
- **AG/Storage Shed** – Design – DKA Engineering – In design – this project is close to being ready to advertise when all funding is secured.
- **Pond Restoration/Reclamation** – In Design - Hitchcock Group -Terra Engineering & MWEA – working design
- **Collaboration Classrooms/Group Study Room Upgrade** - Design - Concept Project – DKA
- **Life Safety 2021/2022 - New Pedestrian Bridge** - MWEA - Contractor Stark Construction – Construction installation June – early August 2022 – On schedule
- **Life Safety 2022- Replace 6 Air Handler Units HVAC AIT Building** – MEP - In design 2022
- **Life Safety 2022 – Elevator Modernization** - Upgrade two additional elevators - Kone Elevator- Construction Summer 2022 - Equipment/Parts on order
- **Life Safety 2022 – Pavement Resurfacing** - MWEA – Rt 24 Entrance, Performance Drive, Pekin parking Lot & several sidewalk repairs. Construction Summer 2022

Foundation

The ICC Educational Foundation Board of Directors and staff are pleased to announce the outstanding success of the 2022 Simply Divine event. The event was held on Thursday, May 5, 2022, and hosted 92 guests. The evening treated attendees to a fine

dining experience highlighting ICC's Culinary Arts Institute. In addition, the ICC Health Careers Programs were highlighted during the cocktail hour, as guests had the opportunity to interact with students and the program's many simulators. Over \$80,000 was raised through sponsorships, ticket sales, live auction items and outright donations. Event proceeds will benefit the ICC Health Careers and Culinary Arts Programs. A special thank you to Church Women United – Illinois for serving as the Premier Dinner sponsor.

The ICC Educational Foundation's scholarship selection process is in full swing. Over 150 students have already been awarded scholarships for the 2022-2023 academic year. The remainder of the committees will make their final selections now through June 15th. The Foundation is pleased to also announce the scholarship application (icc.edu/scholarships) has been reopened for the 2022-2023 academic year to accept additional applicants. Priority will be given to those students who completed the scholarship application by the original March 1, 2022 deadline. The scholarship application will accept new applicants now through September 30, 2022 to award any remaining scholarships for the Fall 2022 and Spring 2023 semesters.

Save the date:

Mark your calendars for the 2022 Community Celebration on Thursday, October 27th at the Peoria Civic Center. Contact the Foundation offices for more information at foundation@icc.edu. Invitations will be mailed in September.
