# **INDEPENDENT AUDITORS' REPORT**

Board of Trustees Illinois Central College District 514 East Peoria, Illinois

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Illinois Central College District 514 (the District), as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the District as of June 30, 2022 and 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

# **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

# Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

# Supplementary Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund schedules and reconciliations, the schedule of equalized assessed valuations and taxes extended, the summary of taxes receivable and tax collections, the certification of chargeback reimbursement, the consolidated year-end financial report, and the uniform financial statements, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund schedules and reconciliations, the schedule of equalized assessed valuations and taxes extended, the summary of taxes receivable and tax collections, the certification of chargeback reimbursement, the consolidated year-end financial report, and the uniform financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# Other Information

Management is responsible for the other information included in the annual report. The other information comprises the documentation of residency verification steps but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Clifton Larson Allen LLP

CliftonLarsonAllen LLP

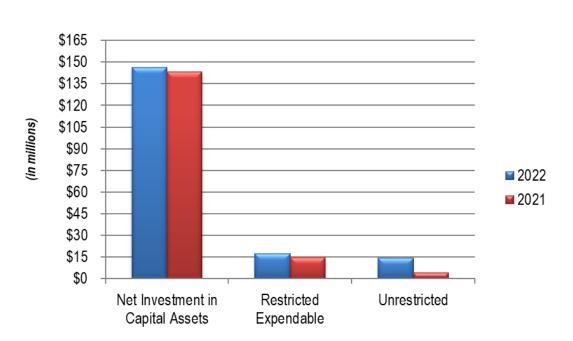

Peoria, Illinois November 8, 2022

This section of Illinois Central College's Annual Financial Report presents management's discussion and analysis of the College's financial activity during the fiscal years ended June 30, 2022, and June 30, 2021. Since this management's discussion and analysis is designed to focus on current activities, resulting change and currently known facts, please read it in conjunction with the College's basic financial statements (pages 1 through 5) and the footnotes (pages 6 through 41). Responsibility for the completeness and fairness of this information rests with the College.

# **Using This Annual Report**

The College financial statements (see pages 1 through 41) are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. The focus of the Statements of Net Position is designed to be similar to bottom line results for the College. This statement combines and consolidates current financial resources (short-term spendable resources) with capital assets. The Statements of Revenues, Expenses, and Changes in Net Position focus on both the gross costs and the net costs of College activities, which are supported mainly by property taxes, student tuition, and by state and other revenues. This approach is intended to summarize and simplify the user's analysis of cost of various College services to students and the public. The College's Educational Foundation is included and presented as a component unit as required by Governmental Accounting Standards. Further information on the component unit can be found in the attached notes to the financial statements.

This schedule is prepared from the College's statement of net position (pages 1 and 2) which is presented on an accrual basis of accounting whereby assets are capitalized and depreciated.

# Fiscal Year 2022 Compared to 2021

The \$9.1 million increase in total assets is due to increases in both current and non-current assets. Cash and Investments increased as a result of unobligated Higher Education Emergency Relief Fund ("HEERF") receipts and the significant increase in Corporate Personal Property Replacement Tax receipts.

Total liabilities are \$9.3 million lower as compared to the prior year, primarily due to the decrease in Non-Current Liabilities of \$7.6 million. Non-current liabilities are lower due to a decrease in bonds payable due to scheduled debt payments of \$5.4 million and a reduction in net OPEB liability of \$2.8 million. The reduction in the OPEB liability is a result of changes in actuarial assumptions and the College's proportionate share related to all other participants.

The overall net change in net position of \$16.0 million is primarily due to favorable operating results. The primarily drivers of this increase are due to the receipt of \$12.9 million of HEERF funding as well as \$5.1 million increased Corporate Personal Property Replacement Tax receipts.

#### Fiscal Year 2021 Compared to 2020

The \$8.9 million increase in total assets is due to an increase of \$15.8 million in current assets, partially offset by a reduction in non-current assets of \$6.9 million. The increase in current assets is primarily driven by an increase in cash and cash equivalents of \$32.0 million, partially offset by a reduction in investments of \$15.1 million. The reduction in non-current assets is attributable to a reduction in investments and capital assets. Interest rates are at historical lows limiting the reinvestment of cash and cash equivalents.

Total liabilities are lower \$6.0 million, with a reduction of \$7.3 million in non-current liabilities, partially offset by an increase of \$1.3 million in current liabilities. Non-current liabilities are lower due to a decrease in bonds payable due to scheduled debt payments of \$5.9 million and a reduction in net OPEB liability of \$1.3 million. The reduction in the OPEB liability is a result of changes in actuarial assumptions and the College's proportionate share related to all other participants.

The overall net change in net position of \$13.1 million is primarily due to favorable operating results. The favorable results were due primarily to the receipt of \$13.2 million of Higher Education Emergency Relief Fund ("HEERF") funding. Expenditures were also favorably influenced by operational savings due to working remote.

Operating Results for the Years Ended

# Fiscal Year 2022 Compared to 2021

Operating revenues were \$10.7 million lower than the prior year, with the largest reduction due to a \$10 million reduction in SURS On Behalf Payments. There is not a net impact to the financial statements, as there is a corresponding reduction in expenditures. In addition, Tuition Revenue was down \$1.2 million due to lower enrollment.

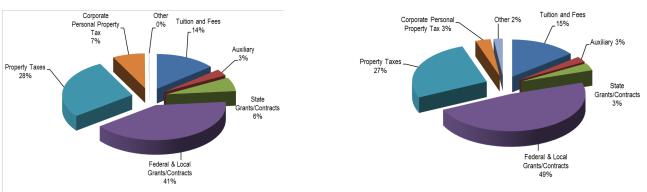

# Fiscal Year 2021 Compared to 2020

Operating revenues were \$6.1 million lower than the prior year, with the largest reductions in Tuition & Fees and Auxiliary Revenue. The lower Tuition & Fees are attributable to a 12% decline in enrollment caused by uncertainties associated with the pandemic. The Auxiliary Revenue decline is due to paused Auxiliary operations due to the pandemic.

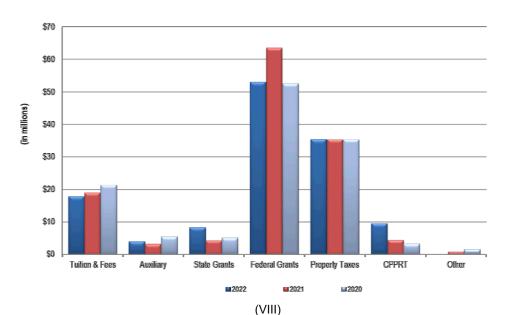

Non-operating revenue was favorable \$12.7 million compared to the prior year, with the majority of this increase in Federal & Local Grants & Contracts due to HEERF funding.

The following is a graphic illustration of operating expenses for Fiscal Year 2022 and 2021.

# **Operating Expenses – 2022**

# **Operating Expenses – 2021**

# **Comparison of Operating Expenses**

# Fiscal Year 2022 Compared to 2021

Operating expenses were \$5.7 million lower than the prior year. The largest reduction was a \$6.1 million reduction in Instruction. This is primarily attributable to the allocation of the SURS On Behalf Payments. This reduction is partially offset by increased costs in Student Services due to increased HEERF awards to students and Auxiliary Services which had limited services offered in FY 2021 as a result of the pandemic.

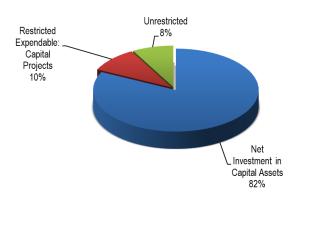

# Fiscal Year 2021 Compared to 2020

Operating expenses were \$2.6 million lower than the previous year. The largest reductions were a \$3.5 million reduction in Scholarships & Waivers due to lower enrollment and \$2.6 million reduction in Auxiliary operations due to limited operations. Scholarships were primarily lower as a reduction in Pell awards and Direct Student Loans. These reductions were partially offset by increases in Student Services and Institutional Support. Increases in both areas are attributable to new CARES/HEERF funding. Institutional Support costs increase do to COVID-19 expenditures, such as technology associated with remote learning and facilities costs associated with campus safety and operations. Funds were also made available to students to help them through difficult financial times caused by the pandemic.

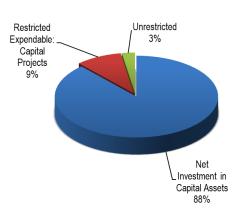

The following is a graphic illustration of net position for Fiscal Year 2022 and 2021:

Analysis of Net Position June 30, (in millions)												
		2022		2021	(De	crease crease) 22-2021	Percent Change		2020	(Dec	rease crease) 1-2020	Percent Change

# Analysis of Net Position 2022

# Analysis of Net

# Fiscal Year 2022 Compared to 2021

Total net position of \$178.4 million increased \$16.0 million, or 9.9%, from the prior year. The primarily drivers of this increase are due to the receipt of \$12.9 million of HEERF funding as well as \$5.1 million increased Corporate Personal Property Replacement Tax receipts.

# Fiscal Year 2021 Compared to 2020

Total net position increased \$13.1 million, or 8.8%, in FY 2021, for a year-end net position of \$162.4 million. This is primarily due to the increase in non-operating revenues attributable to HEERF funding. In addition, the College operated on primarily remote basis, causing significant savings in all operating costs.

# **Capital Asset and Debt Administration**

#### **Capital assets**

The District's capital assets as of June 30, 2022 and 2021 amounted to \$166.5 million and \$166.4 million, respectively, (net of accumulated depreciation). The capital assets include land, construction-in-progress, land improvements, buildings and improvements, and equipment. There was minimal change in total net assets; however, there was significant activity during FY 2022. This included the sale of the Thomas building, which was offset by increases in Construction In Progress, primarily due to the Workforce Sustainability Center project.

The only significant capital project completed during the year ended June 30, 2021 was the Library/Administration building's HVAC system.

# Illinois Central College's Capital Assets As of June 30,

	<u>2022</u>	<u>2021</u>	<u>2020</u>		
Land	\$ 3,671,822	\$ 3,671,822	\$	3,671,822

Accumulated Depreciation	 (150,990,393)	(147,291,242)		(140,821,282)	
Total	\$ 166,460,713	\$ 166,369,364	\$	168,142,254	

Additional information on the District's capital assets can be found in Note 4 of this report.

#### Debt

As of June 30, 2022, the District, Illinois had general obligation bonds outstanding totaling \$20,045,000 compared to \$25,405,000 of general obligation bonds as of June 30, 2021. For the year ended June 30, 2022, the District paid \$5,360,000 in principal and \$828,080 in interest on outstanding debt. No new debt was issued in 2022. For the year ended June 30, 2021, the District paid \$5,045,000 in principal and \$1,088,205 in interest on outstanding debt.

# Illinois Central College's General Obligation Bonds As of June 30,

	<u>2022</u>	<u>2021</u>	<u>2020</u>

Cash and equivalents, end of year	27.7	56.1	(28.4)	-50.6%	24.4	31.7	129.9%

# Fiscal Year 2022 Compared to 2021

The Statement of Cash Flows shows a decrease in cash of \$28.4 million in fiscal year 2022. The decrease in cash is attributable to increased investments. This decrease is partially offset by additional cash received due to increased Corporate Personal Property Replacement Taxes and HEERF funding to offset lost revenue that was received but not spent in the current fiscal year.

#### Fiscal Year 2021 Compared to 2020

There is an increase in the statement of cash flows of \$31.7 million in fiscal year 2021. There were two primary factors contributing to this increase. During 2021 when investments matured, most were converted to cash positions as investment rates continued at historic lows. The College was also awarded HEERF funding to offset lost revenue during 2021. These funds were received in the year, but were not spent during the same time period.

#### Other

During both fiscal years, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having a significant impact on College operations and the overall communities that we represent. Specific to the College, COVID-19 may impact various parts of it 2022 operations and financial results. The College believes that we are taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events are still ongoing.

Management is not aware of any other currently known facts, decisions, or conditions that would have a significant effect on the College's financial position or results of operations (revenue, expenses, and other changes in net position).

The financial report is designed to provide the College's Board, State Officials, Legislature, patrons, and other interested parties with a general overview of the College's finances and to demonstrate the College's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Bruce Budde, Executive Vice President, Administration and Finance. College budgets and audited financial reports are also available on the College website at www.icc.edu.

# NOTE 1 DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Illinois Central College District 514 (the District or College) is a public community college serving Peoria and Woodford Counties and parts of Tazewell, Marshall, McLean, Bureau, Mason, Livingston, Stark, and Logan Counties. Revenues are substantially generated as a result of taxes assessed and allocated to the District and grants received from other state and federal governmental agencies. The District's revenues are, therefore, primarily dependent upon the availability of funds at the state and federal level and the economy within its territorial boundaries. Industry within the territorial area is primarily manufacturing, retail, and agricultural.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to districts and institutions of higher education, as well as those prescribed by the Illinois Community College Board (ICCB). The District reports are based on all applicable Governmental Accounting Standards Board (GASB) pronouncements. The following is a summary of the significant policies.

# **Financial Reporting Entity**

For financial reporting purposes, in accordance with GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, Illinois Central College District 514 is a primary government in that it is a community college with a separately elected governing body – one that is elected by the citizens in a general, popular election and is fiscally independent of other units of government.

The District has developed criteria to determine whether other entities are component units of the District. Component units are legally separate organizations for which the elected officials of the District are financially accountable. Illinois Central College would be considered financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will (significantly influence the programs, projects, activities, or level of services performed or provided by the organization) on the organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the District (i.e., entitled to or can access the organization's resources, is legally obligated or has otherwise assumed the obligation to finance deficits of, or provide financial support to the organization, or is obligated in some manner for the debt of the organization). If an organization is fiscally dependent on Illinois Central College, the District is considered financially accountable regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

Additionally, organizations that raise and hold economic resources for the direct benefit of the District are considered to be component units.

# NOTE 1 DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# Financial Reporting Entity (Continued)

Based on the foregoing criteria, the following organization is considered to be a component unit and is discretely presented in the basic financial statements:

#### Illinois Central College Educational Foundation (the Foundation)

The Foundation is a legally separate tax-exempt component unit of the District. The Foundation acts primarily as a fundraising organization to support the educational, charitable, and benevolent purposes of the District. Additionally, the Foundation is the sole member of the Educational Foundation Student Residence L.L.C., which was created to finance, construct, and manage a student housing project.

Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon that the Foundation holds, are restricted to the activities of the District by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the District, the Foundation is considered a component unit of the District.

Financial statements for the Foundation can be obtained by calling the District at 309-694-5337.

# Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities. Accordingly, the District's basic financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, includes property taxes; federal, state, and local grants; state appropriations; and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations, and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis.

# NOTE 1 DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# Receivables – Property Taxes

The District's property taxes are levied each year on all taxable real property located in the District. The levy becomes an enforceable lien against the property as of January 1 of the levy year. Property taxes are recorded on an accrual basis of accounting. The District records the 2021 levy payable in 2022 as property taxes receivable, less any amounts collected prior to June 30, 2022, and a deferred inflow of resources, as this levy is intended to finance the District's 2022-2023 fiscal year.

The personal property replacement tax is recorded on the accrual basis based on amounts held by the state.

# Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in net position during the reporting period. Actual results could differ from those estimates.

# Cash and Cash Equivalents

For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered cash equivalents.

# **Capital Assets**

Capital assets include property, plant, equipment, and infrastructure assets, such as roads and sidewalks. Infrastructure assets are included in land improvements. Capital assets are defined by the District as assets with an initial unit cost of \$10,000 or greater with a useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the District are depreciated using the straight-line method over the following useful lives:

Land Improvements	20 Years
Buildings and Improvements	50 Years
Equipment	8 to 16 Years

# NOTE 1 DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Investments

Investments are reported at fair value in accordance with guidelines defined by GASB Statement No. 72. Bank deposits and certificates of deposit are recorded at cost. Investment income consists of interest earned on bank deposits and certificates of deposit.

The District is allowed to invest its funds in accordance with the Illinois Public Community College Act and the Investment of Public Funds Act. The District's policy limits investments to bonds, notes, Treasury bills, and other securities issued and/or guaranteed by the United States government or its agencies, interest-bearing savings accounts, certificates of deposit or time deposits, or commercial paper of U.S. corporations with assets exceeding \$500 million.

#### Accounts Receivable

Accounts receivable are uncollateralized student obligations, which generally require payment by the first day of class, and government receivables due from the state of Illinois. Accounts receivable are stated at the invoice amount.

Account balances not paid by semester-end are considered delinquent. Payments of accounts receivable are applied to the specific invoices identified on the students' remittance advice or, if unspecified, to the earliest unpaid invoices.

The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. The allowance for doubtful accounts is based on management's assessment of the collectability of specific student accounts and the aging of the accounts receivable. If the actual defaults are higher than the historical experience, management's estimates of the recoverability of amounts due could be adversely affected. All accounts or portions thereof deemed to be uncollectible or to require an excessive collection cost are written off to the allowance for doubtful accounts.

#### Inventories

Inventories are stated at the lower of cost or net realizable value, cost being determined using the retail method for bookstore supplies and the first-in, first-out method for food service, office, educational, maintenance, and custodial supplies. Inventories are accounted for under the consumption method, whereby acquisitions are recorded in inventory accounts initially and charged as expenses when used.

# **Unearned Tuition and Fee Revenue**

Tuition collected prior to June 30 for the subsequent fall semester and the portion of tuition collected for the summer session that is not earned as of June 30 is recorded as unearned revenue at June 30 and recognized as revenue in the following year.

# NOTE 1 DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# **Deferred Outflows of Resources**

The District reports decreases in net position that relate to future periods as deferred outflows of resources in a separate section of its statements of net position. The District has two types of deferred outflows of resources: pension expense for employer paid federal, trust, or grant contributions that were made subsequent to the pension liability measurement date and deferred outflows related to other postemployment benefit (OPEB) expense to be recognized in future periods and for contributions made after the measurement dates.

# **Deferred Inflows of Resources**

The District's statements of net position report a separate section for deferred inflows of resources. This separate financial statement element reflects an increase in net position that applies to a future period. The District will not recognize the related revenue until a future event occurs. The District has three types of deferred inflows of resources relating to revenue recognition. Tax receivables are recorded in the current year, but the revenue will be recorded in the subsequent year. Deferred amounts related to refunding are recorded in the current year, but the revenue will be recorded as they are amortized. The District also has deferred inflows related to OPEB expense to be recognized in future periods.

# **Compensated Absences**

Employees earn vacation and sick leave benefits based on years of service with the institution. The District records a liability for unused vacation based on hours available at salary rates in effect at the end of the year. Sick leave benefits do not vest and are not paid upon termination. Therefore, no liability is recorded.

# Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the State Universities Retirement System (SURS) and additions to/deductions from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the state of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a nonemployer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of the contributions for which the nonemployer entity is legally responsible is not dependent upon one or more events unrelated to pensions or (2) the nonemployer is the only entity with a legal obligation to make contributions directly to a pension plan. The state of Illinois is considered a nonemployer contributing entity. Participating employers are considered contributing entities.

# NOTE 1 DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Net Position

The District's net positions are classified as follows:

#### Net Investment in Capital Assets

This represents the District's total investment in capital assets, net of accumulated depreciation and related debt.

#### **Restricted**

This includes resources that the District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

#### **Unrestricted**

This includes resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the District and may be used at the discretion of the governing board to meet current expenses for any purpose.

The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### Classification of Revenues and Expenses

Operating revenue includes federal student financial aid and activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, and (2) sales and services of auxiliary enterprises. Nonoperating revenue includes activities that have the characteristics of nonexchange transactions, such as (1) local property taxes, (2) state appropriations, and (3) most federal, state, and local grants and contracts and federal appropriations. Operating expenses include the costs related to operating the District and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

# NOTE 2 CASH AND INVESTMENTS

#### Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from interest rate volatility, the District's investment policy limits the average maturity of the investment portfolio not to exceed two years. The maximum dollar amount of investments that exceeds two years is limited to 25% of the total portfolio.

Investments in certificates of deposit are included in deposits discussed above. The maturities of certificates of deposit held at June 30, 2022 and 2021 were all one year or less.

# NOTE 2 CASH AND INVESTMENTS (CONTINUED)

# Interest Rate Risk (Continued)

The money market funds as of June 30, 2022 and 2021 (Illinois School District Liquid Asset Fund of \$5,489,168 and \$34,766,752, respectively; Illinois Funds of \$10,985,843 and \$8,328,424, respectively) are considered to be cash equivalents in the financial statements. The District also had money market funds of \$4,574,470 and \$673,121 as of June 30, 2022 and 2021, respectively, which were considered to be cash equivalents in the financial statements.

At June 30, 2022 and 2021, the carrying amount of the District's deposits, which includes demand deposits and certificates of deposit, was \$13,883,376 and \$18,185,607, respectively (excludes \$43,116 and \$733,907 in cash on hand and undeposited receipts, respectively), and the bank balance was \$61,430,349 and \$55,197,149, respectively. Of the bank balance, \$48,060,387 and \$35,515,853, respectively, was covered by federal or private depository insurance. An additional amount of \$13,369,962 and \$19,681,296, respectively, was covered by collateral held by the pledging financial institution's trust department or agent in the District's name. At June 30, 2022 and 2021, the remaining uncollateralized amount exposed to credit risk was \$-0-.

#### **Investments**

As of June 30, 2022 and 2021, the District had the following investments and maturities:

		<u>2022</u>								
			Investment Matu	rities (in Years)						
Investment Type	Fair Value	Less than 1	1 - 5	6 - 10	More than 10					
U.S. Government										
Agencies	\$ 45,601,988	\$ 38,871,018	\$ 4,624,131	\$ 2,106,839	\$ -					
			<u>202</u>	<u>21</u>						
			Investment Matu	urities (in Years)						
Investment Type	Fair Value	Less than 1	1 - 5	6 - 10	More than 10					
U.S. Government										
Agencies	\$ 9,137,010	\$ 6,021,929	\$ 1,017,366	\$ 2,097,715	<u>\$</u> -					

# Credit Risk

Credit risk is the risk that the District will not recover its investments due to the inability of the counterparty to fulfill its obligation. Illinois statutes authorize the District to invest in obligations of the U.S. Treasury and U.S. agencies, interest-bearing savings accounts, interest-bearing time deposits, money market mutual funds registered under the Investment Company Act of 1940 (limited U.S. government obligations), shares issued by savings and loan associations (provided the investments are insured by the Federal Savings and Loan Insurance Corporation (FSLIC)), short-term discount obligations issued by the Federal National Mortgage Associations, share accounts of certain credit unions, securities issued by the Illinois Funds, investments in the ISDLAF, and certain repurchase agreements.

#### NOTE 2 CASH AND INVESTMENTS (CONTINUED)

#### Credit Risk (Continued)

As a means to limiting the College's exposure to credit risk, the District's investment policy stipulates that investments will be made to ensure preservation of capital and minimize overall risk through the diversification of investments and maturities. The applicable rating for the District's investments at June 30, 2022 and 2021, according to *Standard & Poor's*, is as follows:

	2022				
		Fair Value	Rating		
U.S. Government Agencies	\$	45,601,988	AA- to AAA		
Mutual Funds - Fixed Income:					
Commerce Bond Fund		1,576,977	Not Rated

Total	\$ 73,359,965
Deposits	\$ 18,185,607
Cash on Hand	733,907
Money Market Funds	43,768,297
U.S. Government Agencies	9,137,010
Mutual Funds - Fixed Income	1,535,144
Total	\$ 73,359,965

# Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in the possession of another party. The District requires all deposits in excess of federally insured limits to be collateralized 110%.

#### Concentration of Credit Risk

The District's investments are diversified to eliminate the risk of loss resulting in over concentration of a specific maturity, issuer, or class of securities. Invested balances determined to exceed immediate operating needs (one year operating cycle) can be invested to the extent that the average portfolio maturity does not exceed two years. The maximum dollar amount of investments that exceed two years is limited to 25% of the total investment portfolio.

#### Investments and Fair Value Measurements

The District's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

# NOTE 2 CASH AND INVESTMENTS (CONTINUED)

#### Investments and Fair Value Measurements (Continued)

Accounting principles generally accepted in the United States of America provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America are described below:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the District has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Equity securities and mutual funds listed on a national market or exchange are valued at the last sales price, or if there is no sale and the market is still considered active, at the last transaction price before year-end. Such securities are classified within *Level 1* of the valuation hierarchy.

Debt securities consisting primarily of corporate and municipal bonds are generally valued at the most recent price of the equivalent quoted yield for such securities, or those of comparable maturity, quality, and type. Debt securities are generally classified within *Level 2* of the valuation hierarchy.

# NOTE 2 CASH AND INVESTMENTS (CONTINUED)

#### Investments and Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the District believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the District's assets at fair value as of June 30, 2022 and 2021:

	2022								
	Level 1	Level 2	Level 3	Total					
Mutual Funds	\$ 1,576,977	\$ -	\$ -	\$ 1,576,977					
U.S. Government Agency Bonds		45,601,988		45,601,988					
Total	\$ 1,576,977	\$ 45,601,988	\$ -	\$ 47,178,965					
		202	21						
	Level 1	Level 2	Level 3	Total					
Mutual Funds	\$ 1,535,144	\$ -	\$ -	\$ 1,535,144					
U.S. Government Agency Bonds		9,137,010		9,137,010					
Total	\$ 1,535,144	\$ 9,137,010	\$ -	\$ 10,672,154					

# NOTE 3 TAXES RECEIVABLE

An analysis of the 2021 and 2020 tax levy at June 30, which has been reflected as a receivable and deferred inflow of resources, and will be substantially collected during the fiscal years ended June 30, 2022 and 2021, is as follows:

	 2022		2021
Tax Levy (Deferred Inflow of Resources)	\$ 35,880,580	_	\$ 35,266,579
Less Distributions Received by the District Through June 30	 7,656,035		7,426,350
Taxes Receivable	\$ 28,224,545		\$ 27,840,229

Property taxes attach as an enforceable lien on property as of January 1. The District's property tax is levied each year at the time the budget for the ensuing year is passed and is extended against the assessed valuation of the District on January 1. Taxes are normally due and payable in two installments in June and September.

Uncollected taxes are sold by the County Collector in order that those taxes can be distributed to respective taxing bodies. Final distribution on the current year levy is made by each County Collector's office at a date after the tax sale, usually no later than sometime during the first quarter of the following year.

#### NOTE 4 CAPITAL ASSETS

A summary of the changes in capital assets for the years ended June 30, 2022 and 2021 is as follows:

# Capital Assets – Fiscal Year 2022

	Balance June 30, 2021	Additions	Deletions	Transfers	Balance June 30, 2022
Capital Assets not Being					
Depreciated:					
Land	\$ 3,671,822	\$ -	\$ -	\$ -	\$ 3,671,822

#### NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

Bonds payable are composed of the following issues:

\$21,605,000 General Obligation Community College Bonds, Series 2014A, dated March 13, 2014, fully registered and without coupons, issued in \$5,000 denominations. Interest at 5.0% payable each June 1 and December 1, commencing December 1, 2014 and maturing on December 1, 2022. The proceeds of the bonds were used to pay for capital acquisition and construction expenses and to advance refund \$6,120,000 of the series 2009 General Obligation Community College Bonds.

\$1,370,000 Taxable General Obligation Community College Bonds, Series 2014B, dated March 13, 2014, fully registered and without coupons, issued in \$5,000 denominations. Interest at 3.6% payable each June 1 and December 1, commencing December 1, 2014 and maturing on December 1, 2022. The proceeds of the bonds were used to pay for capital acquisition and construction expenses.

\$4,495,000 General Obligation Community College Bonds, Series 2016, dated February 25, 2016, fully registered and without coupons, issued in \$5,000 denominations. Interest at 4.0% payable each June 1 and December 1, commencing December 1, 2016 and maturing on December 1, 2023. The proceeds of the bonds were used to defease the debt certificates.

\$9,885,000 General Obligation Community College Bonds, Series 2017C, dated August 10, 2017, fully registered and without coupons, issued in \$5,000 denominations. Interest ranging from 2.4% to 2.7% payable each June 1 and December 1, commencing December 1, 2018, and maturing on December 1, 2025. The proceeds of the bonds were used to current refund the Series 2017A and 2017B Debt Certificates. These bonds are direct placement.

Annual debt service requirements to maturity for bonds payable at June 30, 2022 are as follows:

		Bonds from Direct Placement							
Year Ending June 30,	 Principal		Interest		Principal		Interest		Total
2023	\$ 4,295,000	\$	311,835	\$	50,000	\$	249,610	\$	4,906,445
2024	5,865,000		89,900		1,435,000		231,790		7,621,690
2025	-		-		6,115,000		138,133		6,253,133
2026	 -		-	_	2,285,000		30,848		2,315,848
Total	\$ 10,160,000	\$	401,735	\$	9,885,000	\$	650,381	\$	21,097,116

#### Direct Placement

The 2017C bond issuance originates from direct placement, which means that they were issued to a single purchaser and not offered to the general public. There were no assets pledged as collateral. There are also no finance-related consequences in the unlikely event that the College is unable to pay the remaining principal.

#### NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

#### Legal Debt Margin

The legal debt margin of the District at June 30, 2022 and 2021 is as follows:

Assessed Valuation 2021	\$7,411,060,937
Statutory Debt Limit (2.875% of Equalized Assessed Valuation)	\$ 213,068,002
Less Bonded Debt	20,045,000
Legal Debt Margin	\$ 193,023,002
Assessed Valuation 2020	\$7,270,792,966
Statutory Debt Limit (2.875% of Equalized Assessed Valuation)	\$ 209,035,298
Less Bonded Debt	25,405,000
Legal Debt Margin	\$ 183,630,298

\$1,455,408 of the Series 2017C bond proceeds was unspent as of June 30, 2022. This amount is shown as restricted cash on the statement of net position.

#### NOTE 7 PENSION PLAN

#### **General Information about the Pension Plan**

#### Plan Description

The District contributes to the State Universities Retirement System of Illinois (SURS), a cost-sharing multiemployer defined benefit plan with a special funding situation whereby the state of Illinois (the State) makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941, to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the state of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

#### Benefits Provided

A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed 6 months after their date of hire to make an irrevocable election. A summary of the benefit provisions as of June 30, 2021 can be found in the System's annual comprehensive financial report (ACFR) notes to the financial statements.

#### NOTE 7 PENSION PLAN (CONTINUED)

#### General Information about the Pension Plan (Continued)

#### **Contributions**

The state of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90% of the total Actuarial Accrued Liability by the end of fiscal year 2045. Employer contributions from "trust, federal, and other funds" are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal years 2021 and 2022, respectively, was 12.70% and 12.32% of employee payroll. The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0% of their annual covered salary except for police officers and firefighters who contribute 9.5% of their earnings. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15-139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of "affected annuitants" or specific return to work annuitants) and Section 15-155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period), and Section 15-155(j-5) (relating to contributions payable due to earning the salary set by the Governor).

#### Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

#### Net Pension Liability

SURS reported a net pension liability of \$28,528,477,079 at June 30, 2021 and \$30,619,504,321 at June 30, 2020. The net pension liabilities were measured as of June 30, 2021 and June 30, 2020, respectively.

#### Employer Proportionate Share of Net Pension Liability

The amount of the proportionate share of the net pension liability to be recognized for the District is \$-0- for both fiscal years ended June 30, 2022 and June 30, 2021. The proportionate share of the State's net pension liability associated with the District at June 30, 2022 and June 30, 2021 was \$254,215,262 or .8911% and \$273,532,155 or .8933%, respectively. This liability is not recognized in these financial statements. The net pension liability and total pension liability as of June 30, 2022 and June 30, 2021 was determined based on the June 30, 2020 and June 30, 2019 actuarial valuations rolled forward, respectively. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable contributions made to SURS during fiscal years 2021 and 2020.

#### NOTE 7 PENSION PLAN (CONTINUED)

#### Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

#### Pension Expense

At June 30, 2021 and June 30, 2020, SURS reported a collective net pension expense of \$2,342,460,058 and \$3,364,411,021, respectively.

#### Employer Proportionate Share of Pension Expense

The employer proportionate share of collective pension expense should be recognized as nonoperating revenue with matching operating expense (compensation and benefits) in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during fiscal year 2021 and 2020, respectively. As a result, the District recognized on-behalf revenue and pension expense of \$20,873,498 and \$30,055,176 for the fiscal years ended June 30, 2022 and June 30, 2021, respectively.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Deferred outflows of resources are the consumption of net position by the System that is applicable to future reporting periods.

SURS Collective Deferred Outflows and Deferred Inflows of Resources:

Fiscal Year Ended June 30, 2021	Deferred Outflows of Resources	Deferred Inflows of Resources		
Difference between Expected and Actual Experience Changes in Assumption	\$ 113,467,689 776,968,084	\$-		
Net Difference between Projected and Actual Earnings on Pension Plan Investments		2,283,514,660		
Total	\$ 890,435,773	\$2,283,514,660		
Fiscal Year Ended June 30, 2020	Deferred Outflows of Resources	Deferred Inflows of Resources		
Difference between Expected and Actual Experience	\$ 170,987,483	\$-		
Changes in Assumption Net Difference between Projected and Actual Earnings	473,019,629	-		
on Pension Plan Investments	474,659,178	-		
Total	\$ 1,118,666,290	\$-		

#### NOTE 7 PENSION PLAN (CONTINUED)

#### Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

<u>Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u> (Continued)

SURS Collective Deferred Outflows and Deferred Inflows of Resources by Year to be recognized in Future Pension Expenses:

	Net Deferred Outflows
<u>Year Ending June 30,</u>	of Resources
2022	\$ 34,095,451
2023	(197,005,703)
2024	(538,343,058)
2025	(691,825,577)
Total	\$ (1,393,078,887)

#### Employer Deferral of Pension Expense

The employer paid \$168,810 and \$165,627 in federal, trust, or grant contributions for the fiscal years ended June 30, 2022 and June 30, 2021, respectively. These contributions were made subsequent to the pension measurement date of June 30, 2021 and June 30, 2020 and are recognized as deferred outflows of resources as of June 30, 2022 and June 30, 2021.

#### Assumptions and Other Inputs

#### Actuarial Assumptions

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from June 30, 2017 to 2020. The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	3.00 to 12.75%, including inflation
Investment Rate of Return	6.50% beginning with actuarial
	valuation as of June 30, 2021

Mortality rates were based on the Pub-2010 employee and retiree gender distinct tables with projected generational mortality and a separate mortality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

#### NOTE 7 PENSION PLAN (CONTINUED)

#### Assumptions and Other Inputs (Continued)

#### Actuarial Assumptions (Continued)

Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary (actuaries). For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2021, these best estimates are summarized in the following table:

		Long-Term
		Expected Real
Asset Class	Target Allocation	Rate of Return
Global Public Equity	41.0%	6.30%
Credit Fixed Income	14.0%	1.82%
Core Real Assets	5.0%	3.92%
Options Strategies	6.0%	4.20%
Private Equity	7.5%	10.45%
Non-Core Real Assets	2.5%	8.83%
U.S. TIPS	6.0%	-0.22%
Core Fixed Income	8.0%	-0.81%
Systematic Trend Following	3.5%	3.45%
Alternate Risk Premia	3.0%	2.30%
Long Duration	3.5%	0.91%
Total	100.0%	4.43%
Inflation		2.25%
Expected Arithmetic Return		6.68%

#### **Discount Rate**

A single discount rate of 6.12% and 6.49% at June 30, 2021 and June 30, 2020, respectively, was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.50% and 6.75% at June 30, 2021 and June 30, 2020, respectively, and a municipal bond rate of 1.92% and 2.45% at June 30, 2021 and June 30, 2020, respectively (based on the weekly rate closest to but not later than the measurement date of the Fidelity 20-Year Municipal GO AA Index as of June 30, 2021 and based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve as of June 30, 2020). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the System's funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the longterm expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

#### NOTE 7 PENSION PLAN (CONTINUED)

#### Assumptions and Other Inputs (Continued)

#### Sensitivity of the System's Net Pension Liability to Changes in the Discount Rate

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 6.12% and 6.49% at June 30, 2021 and June 30, 2020, respectively, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1 percentage-point lower or 1 percentage-point higher:

	June 30, 2021	
	Current Single	
	Discount Rate	
1% Decrease	Rate Assumption	1% Increase
5.12%	6.12%	7.12%
\$ 35,000,704,353	<u>\$ 28,528,477,079</u>	\$ 23,155,085,730
	June 30, 2020	
	Current Single	
	Discount Rate	
1% Decrease	Rate Assumption	1% Increase
5.49%	6.49%	7.49%
\$ 36,893,469,884	\$ 30,619,504,321	\$ 25,441,837,592

Additional information regarding the SURS basic financial statements, including the plan net position, can be found in the SURS annual comprehensive financial report (ACFR) by accessing the website at www.SURS.org.

#### Changes of Benefit Terms

There were no benefit changes recognized in the total pension liability as of June 30, 2021 or 2020.

#### Changes of Assumptions

In accordance with Illinois Compiled Statutes, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest, and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2017 to June 30, 2020 was performed in Spring 2021, resulting in the adoption of new assumptions as of June 30, 2021.

- <u>Salary Increase:</u> Change in the overall assumed salary increase rates, ranging from 3.00% to 12.75% based on years of service, with underlying wage inflation of 2.25%.
- <u>Investment Return</u>: Decrease in the investment return assumption to 6.50%. This reflects decreasing the assumed real rate of return to 4.25% and maintaining the underlying assumed price inflation of 2.25%.

#### NOTE 7 PENSION PLAN (CONTINUED)

#### Assumptions and Other Inputs (Continued)

Changes of Assumptions (Continued)

- <u>Effective Rate of Interest:</u> Decrease in the long-term assumption for the ERI for crediting the money purchase accounts to 6.50%.
- <u>Normal/Early Retirement Rates:</u> Establish separate rates for members in academic positions and non-academic positions to reflect that retirement rates for academic positions are lower than for non-academic positions.
- <u>Turnover Rates</u>: Change in rates to produce slightly lower expected turnover for most members, while maintaining pattern of decreasing termination rates as years of service increase.
- <u>Mortality Rates:</u> Change from the RP-2014 to the Pub-2010 mortality tables to reflect the latter's higher applicability to public pensions. Update the projection scales from the MP-2017 to the MP-2020 scale.
- <u>Disability Rates:</u> Establish separate rates for members in academic positions and non-academic positions and maintain separate rates for males and females.
- <u>Plan Election:</u> Change plan election assumptions to 75% Tier 2 and 25% Retirement Savings Plan (RSP) for non-academic members. Change plan election assumptions to 55% Tier 2 and 45% (RSP) for academic members.

#### NOTE 8 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

#### Illinois Community College Health Insurance Security Fund – General Information

#### Plan Administration

The District participates in the Illinois Community College Health Insurance Security Fund (CCHISF) (also known as the College Insurance Program, "CIP"). CIP is a nonappropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole benefit of providing the health benefits to retirees, as established under the plan, and associated administrative costs. CIP is a cost-sharing multiemployer defined benefit postemployment healthcare plan that covers retired employees and their dependents of Illinois community college districts throughout the state of Illinois, excluding the City Colleges of Chicago. The Department of Central Management Services (the Department) administers the plan with the cooperation of the State Universities Retirement System and the boards of trustees of the various community college districts. Separate financial statements, including required supplementary information, may be obtained from the Department at 715 Stratton Office Building, Springfield, Illinois, 62706.

#### Plan Membership

All members receiving benefits from the State Universities Retirement System (SURS) who have been full-time employees of a community college district or an association of a community who have paid the required active member CIP contributions prior to retirement are eligible to participate in CIP. Survivors of an annuitant or benefit recipient eligible for CIP coverage are also eligible for coverage under CIP.

#### NOTE 8 EMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

# Illinois Community College Health Insurance Security Fund – General Information (Continued)

#### **Benefits Provided**

Health, dental, and vision benefits include basic benefits for annuitants and dependents under the State's self-insurance plan and insurance contracts currently in force. Annuitants may be required to contribute towards health, dental, and vision benefits with the amount based on factors such as date of retirement, years of credited service with the State, whether the annuitant is covered by Medicare, and whether the annuitant has chosen a managed health care plan. Annuitants who retired prior to January 1, 1998, and who are vested in the State University's Retirement System do not contribute towards health, dental, and vision benefits. For annuitants who retired on or after January 1, 1998, the annuitant's contribution amount is reduced by 5% for each year of credited service with the state allowing those annuitants with twenty or more years of credited service to not have to contribute towards health, dental, and vision benefits. Annuitants also receive life insurance coverage equal to the annual salary of the last day of employment until age 60, at which time the benefit becomes \$5,000.

#### Contributions

The Act requires every contributor (employee) of SURS to contribute .5% of covered payroll and every community college district to contribute .5% of covered payroll. Retirees pay a premium for coverage that is also determined by ILCS. The State Pension Funds Continuing Appropriation Act (40/ILCS 15/1.4) requires a special funding situation whereby the state of Illinois is to make an annual appropriation to the CIP to cover any expected expenditures in excess of the contributions by active employees, employers, and retirees. The result is pay as you go financing of the plan. The employer contributions made by the state of Illinois on behalf of the District to CIP and the College's contributions for the years ended June 30, 2022 and 2021 were \$159,409 and \$159,213, respectively.

#### Illinois Community College Health Insurance Security Fund – OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The District reported a liability of \$29,718,515 and \$32,315,776 as of June 30, 2022 and June 30, 2021, respectively. This amount is the District's proportional share of the net OPEB liability. The state of Illinois is considered a nonemployer contributing entity and the state's contribution meets the definition of a special funding situation. The state of Illinois' proportionate share of the net pension liability associated with the District totaled \$29,718,515 and \$32,315,776, respectively. The net OPEB liability was measured as of June 30, 2021 and June 30, 2020. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2020 and June 30, 2019, respectively, with procedures performed to roll forward the total OPEB liability to the June 30, 2021 and June 30, 2020 measurement dates. The District's proportion of the net OPEB liability was based on the District's share of contributions to the OPEB plan relative to the contributions of all participating employers and the state of Illinois. At June 30, 2021 and June 30, 2020 measurement dates.

#### NOTE 8 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Illinois Community College Health Insurance Security Fund – OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

For the years ended June 30, 2022 and June 30, 2021, the District recognized total OPEB expense (revenue) of (\$244,033) and \$812,278, respectively, from the CIP plan. In addition, the District recognized an additional (\$245,354) and \$574,743, respectively, as OPEB expense (and revenue) for its proportionate share of the state of Illinois' contribution to the plan for the years ended June 30, 2022 and June 30, 2021.

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Deferred Amounts Related to OPEB Deferred Amounts to be Recognized in OPEB Expense in	O	Deferred utflows of esources	Deferred Inflows of Resources		
<i>Future Periods</i> Differences between Expected and Actual Experience Changes of Assumptions	\$	188,070 -	\$ 2,172,071 5,677,177

2025	(1,341,889)
2026	(699,458)
Total	\$ (8,912,946)

#### NOTE 8 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Illinois Community College Health Insurance Security Fund – OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

#### Actuarial Assumptions and Other Inputs

The total CIP plan's net OPEB liability as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified.

- Inflation 2.25%
- Salary increases depends on service and ranges from 12.25% at less than one year of service to 3.25% at 34 or more years of service. Salary increase includes a 3.25% wage inflation assumption.
- Investment rate of return 0%, net of OPEB plan investment expense, including inflation.
- Healthcare cost trend rates actual trend used for fiscal year 2022 based on premium increases. For fiscal years on or after 2023, trend starts at 8.00% for both non-Medicare costs and post-Medicare costs, and gradually decreases to an ultimate trend of 4.25%. There is no additional trend rate due to the repeal of the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table. For disabled annuitants, mortality rates were based on the RP-2014 Disabled Annuitant Table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from June 30, 2014 to June 30, 2017.

#### Discount Rate

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity's index's "20-year Municipal GO AA Index" has been selected. The discount rates are 2.45% as of June 30, 2020 and 1.92% as of June 30, 2021.

<u>Sensitivity of the District's Proportionate Share of CIP's Net OPEB Liability to Changes</u> in the Single Discount Rate

The following presents the District's proportionate share of the CIP plan's net OPEB liability, calculated using a single discount rate of 1.92%, as well as what the District's proportionate share of the CIP's plan's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (.92%) or 1-percentage-point higher (2.92%) than the current discount rate:

# Sensitivity of Net OPEB Liability as of June 30, 2021

to the Single Discount Rate Assumption							
				Curr	rent Single Discount		
	1	1% Decrease 0.92%		F	Rate Assumption 1.92%	1	% Increase 2.92%
Net OPEB Liability	\$	33,858,124		\$	29,718,515	\$	26,143,590

#### Sensitivity of the District's Proportionate Share of CIP's Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the District's proportionate share of the CIP's plan net OPEB liability, calculated using the healthcare cost trend rates, as well as what the District's proportionate share of the CIP's plan's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates. The key trend rates are 8.00% in 2023 decreasing to an ultimate trend rate of 4.25% in 2038.

Sensitivity of Net OPEB Liability as of June 30, 2021

to the Healthcare Cost Trend Rate Assumption							
Healthcare Cost Trend							
	1% Decrease			Rate Assumption		1% Increase	
Net OPEB Liability	\$	24,487,588		\$	29,718,515	\$	36,724,283

- One percentage point decrease in healthcare trend rates are 7.00% in 2023 decreasing to an ultimate trend rate of 3.25% in 2038.
- One percentage point increase in healthcare trend rates are 9.00% in 2023 decreasing to an ultimate trend rate of 5.25% in 2038.

#### NOTE 8 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Single Employer Plan

#### Plan Description and Benefits Provided

The District administers a single-employer defined benefit healthcare plan. The Illinois Central College Retiree Medical and Life Program provides medical, prescription drug, dental, vision, and life insurance benefits to eligible retirees and their spouses. The program is only provided to a group of grandfathered retirees, their dependents, and surviving spouses. The plan is closed to new participants.

#### Employees Covered by Benefit Terms

The membership as of July 1, 2020 included 0 active participants, 8 retirees and surviving spouses, and 2 spouses of current retirees.

#### Total OPEB Liability

The District's total OPEB liability of \$956,186 and \$1,177,216 at June 30, 2022 and 2021, respectively, were determined by an actuarial valuation both dated July 1, 2020.

#### Actuarial Assumptions and Other Inputs

The total OPEB liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below, and was then projected forward to the measurement date. Any significant changes during this period have been reflected as prescribed by GASB Statement No. 75.

Discount Rate:

	6/30/2021	6/30/2022
Discount Rate	2.16%	3.54%
20 Year Tax-Exempt Municipal Bond Yield	2.16%	3.54%

The discount rate was based on the Bond Buyer General Obligation 20-Year Municipal Index at the June 30, 2022 and June 30, 2021 reporting dates.

#### NOTE 8 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### <u>OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources</u> <u>Related to OPEB</u>

For the years ended June 30, 2022 and 2021, the District recognized OPEB expense (revenue) of (\$125,788) and \$80,205, respectively. At June 30, 2022 and 2021, the District did not report deferred outflows of resources or deferred inflows of resources related to OPEB.

#### NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damages to, and destruction of assets; natural disasters, and medical claims of its employees and their dependents. Claims expenses and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported based upon actuarial estimates and prior experience. The District sponsors a self-insured program for health benefits provided to eligible employees and retirees. At June 30, 2022 and 2021, the estimate of health claims payable and health claims incurred but not reported, based on estimates provided by the claims administrator, amounted to approximately \$975,000 and \$685,000, respectively, which is included in accrued liabilities in the statements of net position. The District has stop-loss insurance coverage when annual claims for an individual exceed \$190,000. Individual participants have an unlimited lifetime coverage.

The District purchases commercial insurance for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

Changes in the claims liability for health benefits in fiscal years 2021 through 2022 were:

Balance - June 30, 2020	\$ 1,083,061
Current Year Claims and Changes in Estimates	6,781,595
Claims Paid	 (7,177,157)
Balance - June 30, 2021	 687,499
Current Year Claims and Changes in Estimates	8,188,224
Claims Paid	 (7,901,715)
Balance - June 30, 2022	\$ 974,008

#### NOTE 10 COMPONENT UNIT – EDUCATIONAL FOUNDATION

Following is condensed financial information of the Illinois Central College Educational Foundation, a discretely presented component unit of the District.

The Foundation is a private nonprofit organization that reports its financial results under applicable Governmental Accounting Standards Board (GASB) Statements.

The financial statements separately identify the net position of the Foundation according to the legal restrictions placed on the assets by donors as follows:

Net Investment in Capital Assets – Includes capital assets, net of accumulated depreciation.

<u>Restricted Net Position</u> – Includes net position that is restricted by donor-imposed stipulations that require the Foundation to expend the resources either for a particular purpose or after the expiration of a certain period of time.

<u>Unrestricted Net Position</u> – Includes net position that is not restricted by donor-imposed stipulations which can be used at the discretion of the Foundation's Board to accomplish the purposes for which the Foundation was founded.

#### Basis of Accounting

The accompanying financial statements are prepared on the accrual basis.

#### Revenue Recognition

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Contributions received with donor-imposed restrictions and related gains and investment income that are met in the same year as received are reported as unrestricted revenues.

Student housing revenue is recognized in the period earned in accordance with the term of the agreement.

Donated in-kind contributions are reflected as revenue and expense at the donors' determination of fair market values.

#### **Investments**

Investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the statements of net position and unrealized gains and losses are reflected in the statements of revenues, expenses, and changes in net position. The realized gain or loss on the sale of a security is based upon the adjusted cost of the specific security.

Concentration of credit risk is the risk associated with having more than 5% of investments in an issuer other than the U.S. government. By policy, the Foundation may invest no more than 5% of total equity investments in any one issuer. As of June 30, 2022 and 2021, the Foundation held no equity investment with any one issuer that were greater than 5% of total investments.

Interest and dividend income is shown net of investment fees of \$127,013 and \$111,526 for the years ended June 30, 2022 and 2021, respectively.

The applicable rating for the Foundation's investments at June 30, 2022 and 2021, according to *Standard & Poor's* is as follows:

#### NOTE 10 COMPONENT UNIT – EDUCATIONAL FOUNDATION (CONTINUED)

#### Long-Term Debt

In March of 2007, the City of East Peoria, Illinois (the City), issued \$18,000,000 of revenue refunding bonds to provide financial assistance to the Educational Foundation Student Residence LLC (LLC) in order to refund the Illinois Development Finance Authority variable rate demand revenue bonds (described above), fund a debt service reserve fund for the Series 2007 bonds, and to pay the costs of issuing the bonds. The bonds are payable solely from the amounts required to be deposited by the LLC with a trustee under an agreement with the City, and amounts held in certain funds and accounts established under the agreement. The bonds are secured by all LLC revenues, the on-campus housing facility, and a guaranty by the Foundation of up to \$4,000,000. During the years ended June 30, 2022 and 2021, the Foundation contributed \$197,480 and \$875,000, respectively, to the LLC under this guaranty. At June 30, 2022 and 2021, the Foundation guaranty funding to-date was \$4,000,000 and \$3,802,520, respectively. The bond agreement also requires a financial guaranty insurance policy to insure the payment of principal and interest on the bonds. Accordingly, there is no further financial exposure to the Foundation.

The bond requires interest payments due each June 1 and December 1. The agreement also provides for varying annual principal payments that began in June 2010 and end in June 2036. The bonds were issued with varying interest rates ranging from 3.75% to 5.13%. The loan agreement includes covenants related to reporting, maintenance of a minimum debt service coverage ratio, and other matters. At June 30, 2022 and 2021, the LLC was not in compliance with the cash reserve requirements. The remedy for the violation requires management to submit a plan within 60 days of the receipt of the audit report to achieve future compliance with the required ratio. Further, the parties to the indenture have mutually agreed to changes in the flow of funds as delineated in the indenture in order to support the ongoing operation of the facility.

At June 30, 2022 and 2021, long-term debt consisted of the following:

	2022	2021
Bonds Payable, Interest Payments due Semiannually		
and Annual Principal Payments Beginning in June 2010,		
Maturing in June 2036	\$ 14,820,000	\$ 15,300,000
Deferred Amount Related to Refunding	 76,796	 85,435
Total Long-Term Debt	\$ 14,896,796	\$ 15,385,435

Future maturities of long-term debt at June 30, 2022 are as follows:

<u>Year Ending June 30,</u>	 Amount
2023	\$ 535,000
2024	585,000
2025	645,000
2026	700,000
2027	765,000
Thereafter	 11,590,000
Total	\$ 14,820,000

Miscellaneous	1,054,877	1,014,710
Total	\$ 29,802,165	\$ 32,426,248

#### NOTE 11 CONTINGENCIES

The District is from time to time subject to various claims, legal actions, and inquiries relating to compliance with environmental and other governmental laws and regulations arising in the ordinary course of business. Although it is difficult to quantify the potential impact of these claims, management believes that the ultimate settlement of these matters will not adversely affect the District's future financial condition or results of operations as the District has the ability to levy funds through local real estate taxes specifically for these purposes.

Accordingly, management does not believe that a reserve for the future effect, if any, of these matters on the financial condition or results of operations of the District is necessary at June 30, 2022 and 2021 as it is not possible to determine with any degree of probability the level of future expenditures for these matters.

#### NOTE 12 TAX ABATEMENTS

Tax abatements, as defined by GASB Statement No. 77, *Tax Abatement Disclosures*, are agreements between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to economic development or otherwise benefits the government or its citizens. This Statement requires disclosure of tax abatement information about (1) a reporting government's own tax abatement agreements and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues.

Illinois' Tax Increment Financing Act enables cities to finance certain redevelopment costs with the revenue generated from (I) payments in lieu of real estate taxes, as measured by the net increase in assessed valuation resulting from redevelopment and (II) a portion of the increase in other local tax revenue associated with new economic activity. When a tax increment financing (TIF) plan is adopted, real estate taxes in the redevelopment are frozen at their current level. By applying the real estate tax rate of all taxing districts having taxing power within the redevelopment area to the increased assessed valuation resulting from redevelopment, a tax "increment" is produced. The District's estimated net reduced tax revenue resulting from the TIFs adopted in these cities within the District is \$910,374 and \$918,732 for fiscal years 2022 and 2021, respectively.

#### ILLINOIS CENTRAL COLLEGE DISTRICT 514 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION COMMUNITY COLLEGE HEALTH INSURANCE SECURITY FUND JUNE 30, 2022 AND 2021

#### NOTE 1 CHANGES IN BENEFIT TERMS

In the June 30, 2020 and 2019 actuarial valuations, there were no changes in benefit terms.

#### NOTE 2 CHANGES OF ASSUMPTIONS

In the June 30, 2020 actuarial valuation, the following OPEB-related assumption changes were made:

- The discount rate was changed from 2.45% at June 30, 2020 to 1.92% at June 30, 2021.
- The healthcare trend assumption was updated based on claim and enrollment experience through June 30, 2020, projected plan cost for plan year-end June 30, 2021, premium changes through plan year-end June 30, 2021, and expectation of future trend increases after June 30, 2021.
- Per capita claim costs for plan year-end June 30, 2021 were updated based on projected claims and enrollment experience through June 30, 2021 and updated premium rates through plan year-end 2022.
- Healthcare plan participation rates by plan were updated based on observed experience.

In the June 30, 2019 actuarial valuation, the following OPEB-related assumption changes were made:

- The discount rate was changed from 3.13% at June 30, 2019 to 2.45% at June 30, 2020.
- The healthcare trend assumption was updated based on claim and enrollment experience through June 30, 2019, projected plan cost for plan year-end June 30, 2020, premium changes through plan year-end June 30, 2020, and expectation of future trend increases after June 30, 2020.
- Since the Excise Tax was repealed, the Excise Tax trend adjustment was removed.
- Per capita claim costs for plan year-end June 30, 2020 were updated based on projected claims and enrollment experience through June 30, 2020 and updated premium rates through plan year-end 2021.
- Healthcare plan participation rates by plan were updated based on observed experience.

#### ILLINOIS CENTRAL COLLEGE DISTRICT 514 RECONCILIATION OF THE COMBINING SCHEDULE OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE (DEFICIT) (MODIFIED ACCRUAL) – ALL FUNDS TO THE STATEMENTS OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION (FULL ACCRUAL) YEARS ENDED JUNE 30, 2022 AND 2021

	2022	 2021
Net Change in Fund Balances (Deficits) - All Funds	\$ 9,211,455	\$ 9,996,870
Amounts reported in the statements of revenues, expenses, and changes in net position are different because:		
Capital outlays are reported in the individual funds as expenditures. However, in the statements of revenues, expenses, and changes in net position, the cost of those assets is allocated over their estimated useful lives as depreciation expense. Below are the depreciation expense and capital outlay for the year: Capital Outlay Depreciation Expense	8,790,500 (6,499,151)	4,720,768 (6,490,695)
The net effect of various miscellaneous transactions involving capital assets (i.e. sales, donations, disposals): Loss on Disposal of Capital Assets	(2,200,000)	(2,963)
The issuance of long-term debt (e.g. bonds, loan, leases) provides current financial resources to the individual funds, while the repayment of the principal of long-term debt consumes the current financial resources of the individual funds. Neither transaction, however, has any effect on net position. Also, the individual funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the statements of revenue, expenses, and changes in net position. Following is detail of the net effect of these differences in the treatment of long-term debt and related items: Repayment of Principal - General Obligation Bonds Amortization of Premiums Repayment of Principal - Lease Payable	5,360,000 518,368 68,686	5,045,000 518,368 98,778
Interest expense is reported when paid in the individual funds. However, in the statements of revenues, expenses, and changes in net position, interest expense is recognized when incurred.	22,333	21,021
OPEB benefit expenses and payments reported in the statements of revenues, expenses, and changes in net position do not require the use of current financial resources and, therefore, are not reported as expenditures in the individual funds.		
Benefit Expenses Benefit Contributions	369,821 254,652	(892,483) 251,422
Tuition revenue and certain related expenses for the summer session are deferred in the individual funds, but are recognized when earned/incurred in the statements of revenues, expenses, and changes in net position.	101,615	(156,931)
Change in Net Position	\$ 15,998,279	\$ 13,109,155

# ILLINOIS COMMUNITY COLLEGE BOARD STATE GRANTS SECTION

# INDEPENDENT AUDITORS' REPORT ON THE ADULT EDUCATION AND FAMILY LITERACY GRANT PROGRAM

Board of Trustees Illinois Central College District 514 East Peoria, Illinois

## **Report on the Audit of the Financial Statements**

## Opinion

We have audited the accompanying financial statements of the Adult Education and Family Literacy Grant Program of Illinois Central College District 514 (the District), which comprise the combining statement of net position as of June 30, 2022, and the related combining statement of revenues, expenses, and changes in net position for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Adult Education and Family Literacy Grant Program as of June 30, 2022, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Emphasis of Matter**

The financial statements of the Adult Education and Family Literacy Grant Program are intended to present the net position and changes in net position of only that portion of the business-type activities of the District that is attributable to the Adult Education and Family Literacy Grant Program. These financial statements do not purport to, and do not, present fairly the statement of net position of the District as of June 30, 2022, or the statement of revenues, expenses, and changes in net position of the District for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Adult Education and Family Literacy Grant Program's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Adult Education and Family Literacy Grant Program's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

# Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Adult Education and Family Literacy Grant Program's financial statements. The supplementary schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary schedule is fairly stated in all material respects in relation to the financial statements as a whole.

# INDEPENDENT AUDITORS' REPORT ON COMPLIANCE

Board of Trustees Illinois Central College District 514 East Peoria, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Adult Education and Family Literacy Grant Program of Illinois Central College District 514 (the District), which comprise the combining statement of net position as of June 30, 2022, and the related combining statement of revenues, expenses, and changes in net position for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 8, 2022.

In connection with our audit, nothing came to our attention that caused us to believe that the District failed to comply with the terms or conditions of the grant policy guidelines of the Illinois Community College Board's *Fiscal Management Manual*, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above-referenced terms or conditions of the grant policy guidelines of the Illinois Community College Board's *Fiscal Management Manual*, insofar as they relate to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's compliance. This report is provided as part of our audit. Accordingly, this communication is not suitable for any other purpose.

# ILLINOIS CENTRAL COLLEGE DISTRICT 514 ILLINOIS COMMUNITY COLLEGE BOARD ADULT EDUCATION AND FAMILY LITERACY GRANT PROGRAM NOTES TO FINANCIAL STATEMENTS JUNE 30, 2022

# NOTE 1 BACKGROUND INFORMATION ON STATE GRANT ACTIVITY

### Adult Education and Family Literacy Grant Programs

## State Basic Grant

Grant is awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and over, or persons under the age of 21 and not otherwise in attendance in public school, for the purpose of providing adults in the community other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high schools, and for Americanization and general education development review classes. Included in this grant are funds for support services, such as student transportation and childcare facilities or provision.

### Performance Grant

Grant is awarded to Adult Education and Family Literacy providers based on performance outcomes.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# <u>General</u>

The accompanying statements include only those transactions resulting from the ICCB Adult Education and Family Literacy Grant Program of the District. These transactions have been accounted for in the Restricted Purposes Fund.

#### **Basis of Accounting**

The statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

# **ENROLLMENT DATA SECTION**

# INDEPENDENT ACCOUNTANTS' REPORT ON THE SCHEDULE OF ENROLLMENT DATA AND OTHER BASES UPON WHICH CLAIMS ARE FILED

Board of Trustees Illinois Central College District 514 East Peoria, Illinois

We have examined the accompanying schedule of enrollment data and other bases upon which claims are filed and the reconciliations of credit hours (the Schedules) of Illinois Central College District 514 for the year ended June 30, 2022. Management is responsible for preparation of the Schedules in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Our responsibility is to express an opinion on the Schedules based upon our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Schedules are in accordance with the criteria, in all material respects. An examination involves performing procedures to obtain evidence about the Schedules. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of the Schedules, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the Schedules for the year ended June 30, 2022 are presented, in all material respects, in accordance with the provisions of the aforementioned guidelines.

# ILLINOIS CENTRAL COLLEGE DISTRICT 514 DOCUMENTATION OF RESIDENCY VERIFICATION STEPS JUNE 30, 2022 (UNAUDITED)

# THE DISTRICT'S RESIDENCY REQUIREMENTS AND PROCEDURES

Illinois Community College Board rules specify that each district shall adopt a process for verifying the residency status of its students. Following is a brief outline of Illinois Central College's (ICC) processes and procedures for verifying residency:

- 1) New enrollments are not allowed until the new student completes the ICC application for enrollment.
  - At this time, the identification of the new student is checked against the information disclosed on the application.
- 2) Residency status is first determined by the high school from which the student graduated as stated on the student application.
  - If stated high school is outside the district and the student would like to appeal for the indistrict tuition rate, the student must complete an internal residency questionnaire and submit any of the following documents for evaluation (items in 3 thru 6 below).
  - If the student declares the sole purpose of relocation is to attend ICC, the out-of-district rate will apply and the appeal for the in-district tuition rate will be denied.
- 3) Copy of student's driver's license to prove residency greater than thirty (30) days.
  - Issue date inspected by ICC staff member to determine if license was issued prior to 30-day requirement.
  - If issue date of license is less than 30 days, student must provide a copy of property tax statement, copy of lease, or a letter from employer to prove residency of greater than 30 days.
- 4) Copy of tax returns.
  - For students under the age of 24 claiming independence, ICC requires copies of the student's most recent tax return and that of his/her parents.
- 5) Copy of property tax statement.
  - If the student resides within close proximity to ICC and another community college, ICC must determine to which community college the property taxes are paid by requiring a copy of the property tax statement from the student.
- 6) Copy of Social Security card or Permanent Residency card.
  - Applicable for those students that attended high school outside the United States.
- 7) Returned Mail Procedures.
  - If the piece of returned mail includes a forwarding address from the U.S. Postal Service, ICC will forward the piece of mail on to the student.
  - A note will be placed on the student accounts for which mail was returned with no forwarding address.
