

ILLINOIS CENTRAL COLLEGE

Personal Information Sheet

Name: _____ Date: _____

Phone Number: _____ Email Address: _____

Please indicate your preference in personal trainers*:

Male _____ Female _____ Don't Care _____

We have a limited number of personal trainers, but will do our best to accommodate your needs

Please indicate the days and times you are available to meet with your personal trainer:

	Mon	Tue	Wed	Thu	Fri
Morning	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Afternoon	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Please indicate your health and fitness goals: _____

Would you like to lose weight? If so, how much? _____

Would you like to gain weight? If so, how much? _____

Do you have any fitness equipment at home you would like to incorporate? _____

Thank you for your interest in our personal training program!
A Personal Trainer will be in contact with you within five business days.

ILLINOIS CENTRAL COLLEGE

Welcome to the Illinois Central College Personal Training Program!

Getting Started. The information included in this packet is everything you need to get started with the program. First, complete the attached forms and return them to the front desk at the ICC Fitness Center. You will be contacted by phone within five business days notifying you of your eligibility to participate in the program. Your eligibility is based on the questions you will answer in the paperwork. If you have any questions, please call Roosevelt Jones, Fitness Center Coordinator at 694-8924 or by email at roosevelt.jones@icc.edu.

Individual Training Packages

60-minute sessions.

Personal Trainers will design exercise programs to help you stay motivated and reach your fitness goals.

- **1 Session:** Member Rate: \$40
- **5 Sessions:** Member Rate: \$200
- **10 Sessions:** Member Rate: \$360
- **20 Sessions:** Member Rate: \$600

Partner Training Packages (2 People)

60-minute sessions.

Grab a friend and one of our personal trainers to begin achieving your health and fitness goals together. For maximum effectiveness, we strongly recommend that partners have similar fitness goals and be of similar fitness levels. Participants must register and exercise together. Prices are figured as per person cost.

- **1 Session:** Member Rate: \$30
- **5 Sessions:** Member Rate: \$150
- **10 Sessions:** Member Rate: \$270
- **20 Sessions:** Member Rate: \$480

Fitness Assessments

30-minute session.

Fitness assessments include an evaluation of the major fitness components, including body composition, cardiorespiratory fitness, muscular strength and endurance, flexibility, and core strength. This screening is a great opportunity to receive a health risk appraisal for major cardiovascular and metabolic diseases.

- **1 Session:** Member Rate: \$25

New Client Pack

1 30-minute evaluation and 2 60-minute training sessions

The evaluation will include a health and fitness history questionnaire as well as a brief discussion about goals and/or questions about how to use the equipment. The training sessions will be tailored to each individual based on their goals and current fitness level.

- **1 New Client Pack:** Member Rate: \$99

Program Policies

All sessions are one hour in length. Personal Training sessions are non-refundable, non-transferable and expire 1 year from the date of purchase. Guests are asked to cancel at least 12 hours in advance of the scheduled training session. Failure to contact your trainer will result in forfeiture of a session. Trainers will wait only 15 minutes for guests. After 15 minutes, guests will lose a session. Sessions that begin late will end one hour from the original start time.

**Pricing and policies are subject to change without notice at the discretion of the ICC Fitness Center.*

PAR-Q and YOU

(A questionnaire for people aged 15-69)

Regular physical activity is fun and healthy, and increasingly more people are starting to become more active every day. Being more active is very safe for most people. However, some people should check with their doctor before they start becoming much more physically active.

If you are planning to become much more physically active than you are now, start by answering the seven questions in the box below. If you are between the ages of 15-69, the PAR-Q will tell you if you should check with your doctor before you start. If you are over 69 years of age, and you are not used to being very active, check with your doctor.

Common sense is your best guide when you answer these questions. Please read the questions carefully and answer each one honestly: check YES or NO.

- | Yes | No | |
|--------------------------|--------------------------|--|
| <input type="checkbox"/> | <input type="checkbox"/> | Has your doctor ever said that you have a heart condition and that you should only do physical activity recommended by a doctor? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you feel pain in your chest when you do physical activity? |
| <input type="checkbox"/> | <input type="checkbox"/> | In the past month, have you had chest pain when you were not doing physical activity? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you lose your balance because of dizziness or do you ever lose consciousness? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you have a bone or joint problem that could be made worse by a change in your physical activity? |
| <input type="checkbox"/> | <input type="checkbox"/> | Is your doctor currently prescribing drugs (for example, water pills) for your blood pressure or heart condition? |
| <input type="checkbox"/> | <input type="checkbox"/> | Do you know of any other reason why you should not do physical activity? |

If you answered YES to one or more questions:

- Talk with your doctor by phone or in person BEFORE you start becoming much more physically active or BEFORE you have a fitness assessment. Tell your doctor about the PAR-Q and which questions you answered YES.
- You may be able to do any activity you want-as long as you start slowly and build up gradually. Or you may need to restrict your activities to those which are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice.
- Find out which community programs are safe and helpful to you.

If you answered NO to all questions:

You can be reasonably sure that you can:

- Start becoming much more physically active-begin slowly and build up gradually. This is the safest and easiest way to go.
- Take part in a fitness assessment. This is an excellent way to determine your basic fitness so that you can plan the best way for you to live actively.

Delay becoming more active if:

- You are not feeling well because of a temporary illness such as a cold or a fever-wait until you feel better
- You are or may be pregnant-talk to your doctor before you start exercising.

I have read, understood and completed this questionnaire. Any questions I had were answered to my full satisfaction.
