

Good evening ICC community,

Your continued collaboration and support for each other, and our students, has been incredible during this unprecedented time. Thank you. The update is brief tonight.

Athletics

- NJCAA has suspended all spring sports for the remainder of the semester. All on and off campus recruiting has been halted until April 15. [Click here](#) for the release.

Large gathering status

- Since yesterday's update, the CDC released an updated large gathering [recommendation](#). In compliance with the recommendation, ICC will not host any internal or external events for the next eight weeks with expected attendance of 50 or more, through May 11, 2020.
- Event leads are encouraged to determine if your event can be executed virtually.

We understand this is a stressful situation. Please remember to, above all else, take care of yourself. If you are feeling overwhelmed, the Employee Assistance Plan (EAP) is always available. Visit <https://chestnut.personaladvantage.com> (User name: ICC) or call: (800) 433-7916. We expect more updates tomorrow. Take care of yourselves.

All of the best always,

Sheila Quirk-Bailey
