

Good evening ICC community,

The work being done by everyone in the ICC community to support our students and each other, has been incredible. Thank you to each and every one of you.

The spread of the COVID-19 (novel coronavirus) continues to create uncertainty and concern both globally and here in our community. Illinois Central College continues to monitor developments and to take actions that are warranted as new information emerges in this rapidly changing situation. Our plan seeks to protect the safety and health of our students and campus community as well as to ensure continuity of our academic and business operations. The College continues to operate and is converting to a virtual delivery mode for our courses, services and operations.

We have quite a few updates to share tonight.

**For The Remainder Of The Semester, All Classes Will Be Delivered Online.**

- Instruction begins again on March 30.
- No in person class meetings, laboratory sessions or interactions with faculty will take place on campus. Students will receive communication from their instructors on how to proceed prior to classes beginning.

**Closed to the Public**

- All ICC campuses are closed to the public until further notice.
- Cougarplex Fitness Center and Childcare Center closed today.
- Questions from the public will be supported via phone and/or email.

**Travel and Off Campus Face To Face Meetings**

- ICC employees should not engage in face to face meetings off campus to conduct campus business or for professional development until further notice.
- All ICC related travel for business and professional development is also suspended until further notice.

**Working from Home Transition**

- ICC employees are beginning the transition to work remotely. Once employees have transitioned to work from home, they will have limited access to campus. Please check with your manager for further details.

The work all of you are doing to support our students and each other is amazing. I'm beyond proud to be a part of this organization.

All of the best always,

Sheila Quirk-Bailey
